Tuition Assistance Top-Up Program

The Tuition Assistance Top-Up (TATU) program is available under the Post-9/11 and MGIB-AD program. TATU permits VA to issue a payment to an individual for the difference between the military service's tuition assistance payment amount and the total cost of tuition and related expenses, up to the amount that a Veteran would receive. An individual must receive military tuition assistance for the course to be eligible for TATU payments. There was a 10 percent decrease in the number of unique trainees in fiscal year 2023 compared to fiscal year 2022.

License and Certification Test Reimbursement

Under all active education programs beneficiaries may receive reimbursement of the cost of taking an approved test for an occupational license or certification. VA pays for the cost of the test, up to a maximum of \$2,000 per test. There was a 20 percent increase in the number of unique trainees in fiscal year 2023 compared to fiscal year 2022.

Accelerated Payments Program

Accelerated payments are available under the MGIB-AD and MGIB-SR programs and may be made for certain high cost, high-tech programs for enrollment on or after October 1, 2002. To qualify, a beneficiary must be enrolled in a high-tech program and must certify that he/she intends to seek employment in a high-tech industry as defined by VA. The beneficiary may receive a lump-sum payment of 60 percent of the total charges if the cost of tuition and fees exceeds 200 percent of what they would otherwise receive in education assistance. There was an 83 percent decrease in the participants under this program in fiscal year 2023 compared to fiscal year 2022.
