DISABILITY COMPENSATION

Eligibility. Disability compensation is a monthly tax-free benefit paid to Veterans who are at least 10% disabled because of injuries or diseases that were incurred in or aggravated during active duty or active duty for training. A disability can apply to physical conditions, such as a chronic knee condition, as well as a mental health conditions, such as post-traumatic stress disorder (PTSD). If you were on inactive duty for training, the disability must have resulted from injury, heart attack, or stroke. Your discharge from service must have been under other than dishonorable conditions.

Compensation varies depending on the degree of your disability. (See VA's compensation rate tables at www.vba.va.gov/bln/21/rates).

If you have dependents, an additional allowance may be added if your combined disability is rated 30% or greater. Your compensation may be offset if you receive military retirement pay, disability severance pay, or separation incentive payments.

Special Monthly Compensation. Special Monthly Compensation may be payable in addition to the basic rate of compensation when the severity of certain disabilities or combination of disabilities involves:

» Loss or loss of use of specific organs, sensory functions, or extremities, OR
» Disabilities that confine you to your residence, OR
» Disabilities that render you permanently bedridden or in need of aid and attendance, OR
» Combinations of severe disabilities that significantly affect walking, OR
» Existence of multiple, independent disabilities each rated at 50% or 100%, OR
» Existence of multiple disabilities which, in total, render you in need of such a degree of special skilled assistance that, without it you would be permanently confined to a skilled-care nursing home.

How to Apply. The best way to apply for disability compensation is by obtaining an eBenefits account at www.ebenefits.va.gov and applying online. When applying for disability compensation benefits, you should have access to the following information:

» Discharge or separation papers (DD214 or equivalent), AND
» Information about military and private medical evidence (doctor and hospital reports) supporting your claim

You may be able to receive disability compensation benefits sooner if you submit all required medical evidence with your claim - learn more at: www.benefits.va.gov/transformation/fastclaims.

VA presumes that some disabilities are due to military service. You may be eligible to receive service-connected disability benefits if you have a qualifying disability associated with certain conditions of service, such as:

» Former Prisoners of War
» Vietnam Veterans exposed to Agent Orange
» Gulf War Veterans with undiagnosed illnesses and medically unexplained chronic multi-symptom illnesses.

To qualify for disability benefits based on presumptive conditions, you must have a disability associated with one of the criteria listed above.

Veterans’ Mortgage Life Insurance (VMLI)

Veterans’ Mortgage Life Insurance (VMLI) is mortgage protection insurance that can help a disabled Servicemember or Veteran’s family by paying off the home mortgage in the event of the Servicemember or Veteran’s death.

Eligibility. VMLI is only available to Servicemembers or Veterans with severe service-connected disabilities who:

» Received a Specially Adapted Housing (SAH) Grant from VA for assistance in building, remodeling, or purchasing an adapted home, AND
» Have the title to the home, AND
» Have a mortgage on the home

Servicemembers and Veterans must apply for VMLI before their 70th birthday.

VMLI protection is issued automatically following SAH approval, provided you submit the information required to establish a premium and do not decline coverage. Coverage automatically terminates when the mortgage is paid off. If your mortgage is disposed of through sale of the property, you can obtain VMLI on the mortgage of another home.

Premiums. VMLI premiums vary according to your age, the outstanding balance of your mortgage at the time you apply, and the remaining length of the mortgage. VMLI premiums must be paid by deduction from your monthly compensation.

Service-Disabled Veterans’ Insurance (S-DVI)

S-DVI is a life insurance benefit for Veterans who have service-connected disabilities but are otherwise in good health.

Eligibility. To obtain S-DVI, you must meet the following criteria:

» You were discharged under other than dishonorable conditions on or after April 25, 1951, AND
» You received a rating for a service-connected disability (even if only 0%), AND
» You are in good health, except for any service-connected conditions, AND
» You apply within two years from the date VA notifies you that you have been approved for a new service-connected disability

Premiums. The premium you pay for S-DVI coverage depends on your age, type of plan (term or permanent), and the amount of coverage. If you are a Veteran with basic S-DVI coverage and are totally disabled, then you may apply to have your premiums waived.

Supplemental S-DVI is additional supplemental insurance coverage for Veterans who meet all of the following requirements:

» You have an S-DVI policy, AND
» The premiums on your basic coverage are being waived due to total disability, AND
» You apply within one year of being notified of the waiver, AND
» You are under 65 years of age

Premiums for this coverage cannot be waived.

Vocational Rehabilitation and Employment (VR&E)

VR&E is specifically for Servicemembers and Veterans with service-connected illnesses and injuries. VA will evaluate your interests, aptitudes, abilities, and assess how your disability affects your ability to work. VR&E also provides a range of career services, including:

» Career counseling and rehabilitation planning for employment as job training, job-seeking skills, résumé development, and other work-readiness assistance
On-the-Job Training (OJT), apprenticeships, and non-paid work experiences

In addition, independent living services are also available if you are so severely disabled that you are not currently ready or able to work.

**Eligibility.** Servicemembers and Veterans are eligible for VR&E services under the following circumstances:

- You have a service-connected disability rating from VA of at least 10%, or a pre-discharge disability rating of 20% or more from VA, **AND**
- You have received, or will receive, an other than dishonorable discharge, **OR**
- If you are severely ill or injured and have been referred to a military Physical Evaluation Board or are participating in the military/VA Integrated Disability Evaluation System process, you may qualify without a VA rating

In general, Veterans must use all VR&E services within 12 years from whichever of the following dates is later:

- The date you separated from active military service, **OR**
- The date that VA first notified you that you have a qualifying service-connected disability rating
