Introduction

Procedures outlined in this Quick Reference Document, assist lenders with correct COE functions. This self-service functionality is available following the webLGY 15.1 software release. The correct COE functionality was created to expedite COE changes electronically, eliminating the need to defer change requests to the National Workload (NWL).

Correct COE

For approved loan records with a valid COE, the lender is presented with two options in the Electronic Application menu:

- New Application, and
- Correct COE

**NOTE:** The Correct COE option is the recommended action for any COE corrections. The New Application option should be selected only if Correct COE does not satisfy the request.

Steps:

1. From the left-hand navigation menu, select Correct COE.

Removing Active Duty Condition

In cases when the Servicemember leaves active duty, the lender is required to receive a new COE to determine their character of service and eligibility. By answering **Yes** to the question, *Has the Veteran recently completed a tour and wants to remove the active duty condition from the COE*, the lender confirms that the member is no longer on active duty, and supporting documentation (e.g., DD-214) is available to upload and confirm the Veterans eligibility.

NOTE: If the Veteran owns the property obtained with a VA loan, answer Yes to the ownership question. The additional question will appear, “Does the Veteran want to use their one time restoration benefit?”

If the Veteran selects Yes, it is very important that the Veteran understands this option because any further restoration will require disposal of all properties obtained with a VA loan.

If the Veteran selects Yes then the restoration will be processed automatically. If the Veteran selects No then there will be no restoration for this paid in full loan.

3. Select the <Submit> button to process.
4. If the Veteran answers Yes to the Restoration question, the following dialog window will display.
