Supplement No. 118

5 September 2015

Covering the period of Federal Register issues
through September 1, 2015

When **Book A** was originally prepared, it was current through final regulations published in the *Federal Register* of 21 April 1992. These supplemental materials are designed to keep your regulations up to date. You should file the attached pages immediately, and record the fact that you did so on the *Supplement Filing Record* which begins on page A-8 of Book A, *General*.

**To ensure accuracy and timeliness of your materials,
it is important that you follow these simple procedures:**

1. Always file your supplemental materials immediately upon receipt.
2. Before filing, always check the Supplement Filing Record (page A-8) to be sure that all prior supplements have been filed. If you are missing any supplements, contact the Veterans Benefits Administration at the address listed on page A-2.
3. After filing, enter the relevant information on the Supplement Filing Record sheet (page A-8)—the date filed, name/initials of filer, and date through which the *Federal Register* is covered.
4. If as a result of a failure to file, or an undelivered supplement, you have more than one supplement to file at a time, be certain to file them in chronological order, lower number first.
5. Always retain the filing instructions (simply insert them at the back of the book) as a backup record of filing and for reference in case of a filing error.
6. Be certain that you *permanently discard* any pages indicated for removal in the filing instructions in order to avoid confusion later.

To execute the filing instructions, simply remove *and throw away* the pages listed under *Remove These Old Pages*, and replace them in each case with the corresponding pages from this supplement listed under *Add These New Pages*. Occasionally new pages will be added without removal of any old material (reflecting new regulations), and occasionally old pages will be removed without addition of any new material (reflecting rescinded regulations)—in these cases the word *None* will appear in the appropriate column.

HIGHLIGHTS

Book A, Supplement No. 118 September 5, 2015

Supplement Highlights references: Where substantive changes are made in the text of regulations, the paragraphs of *Highlights* sections are cited at the end of the relevant section of text. Thus, if you are reading §3.263, you will see a note at the end of that section which reads: “Supplement *Highlights* references—6(2).” This means that paragraph 2 of the *Highlights* section in Supplement No. 6 contains information about the changes made in §3.263. By keeping and filing the *Highlights* sections, you will have a reference source explaining all substantive changes in the text of the regulations.

Supplement frequency: This Book A (*General*) was originally supplemented twice a year, in April and October. Beginning 1 August 1995, supplements will be issued *every month* during which a final rule addition or modification is made to the parts of Title 38 covered by this book. Supplements will be numbered consecutively as issued.

Modifications in this supplement include the following:

1. On 17 August 2015, the VA published a final rule effective 16 September 2015, to amend its regulation concerning the presence of animals on VA property. This final rule expands the current VA regulation to authorize the presence of service animals consistent with applicable Federal law when these animals accompany individuals with disabilities seeking admittance to property owned or operated by VA. Change:

- In §1.218, revised paragraph (a)(11).

**Security and Law Enforcement at
Department of Veterans Affairs Facilities**

§1.218 Security and law enforcement at VA facilities.

(a) *Authority and rules of conduct.* Pursuant to 38 U.S.C. 901-905, the following rules and regulations apply at all property under the charge and control of VA (and not under the charge and control of the General Services Administration) and to all persons entering in or on such property. The head of the facility is charged with the responsibility for the enforcement of these rules and regulations and shall cause these rules and regulations to be posted in a conspicuous place on the property.

(1) *Closing property to public.* The head of the facility, or designee, shall establish visiting hours for the convenience of the public and shall establish specific hours for the transaction of business with the public. The property shall be closed to the public during other than the hours so established. In emergency situations, the property shall be closed to the public when reasonably necessary to ensure the orderly conduct of Government business. The decision to close a property during an emergency shall be made by the head of the facility or designee. The head of the facility or designee shall have authority to designate areas within a facility as closed to the public.

(2) *Recording presence.* Admission to property during periods when such property is closed to the public will be limited to persons authorized by the head of the facility or designee. Such persons may be required to sign a register and/or display identification documents when requested to do so by VA police, or other authorized individual. No person, without authorization, shall enter upon or remain on such property while the property is closed. Failure to leave such premises by unauthorized persons shall constitute an offense under this paragraph.

(3) *Preservation of property.* The improper disposal of rubbish on property; the spitting on the property; the creation of any hazard on property to persons or things; the throwing of articles of any kind from a building; the climbing upon the roof or any part of the building, without permission; or the willful destruction, damage, or removal of Government property or any part thereof, without authorization, is prohibited. The destruction, mutilation, defacement, injury, or removal of any monument, gravestone, or other structure within the limits of any national cemetery is prohibited.

(4) *Conformity with signs and emergency conditions.* The head of the facility, or designee, shall have authority to post signs of a prohibitory and directory nature. Persons, in and on property, shall comply with such signs of a prohibitory or directory nature, and during emergencies, with the direction of police authorities and other authorized officials. Tampering with, destruction, marring, or removal of such posted signs is prohibited.

(5) *Disturbances.* Conduct on property which creates loud or unusual noise; which unreasonably obstructs the usual use of entrances, foyers, lobbies, corridors, offices, elevators, stairways, or parking lots; which otherwise impedes or disrupts the performance of

official duties by Government employees; which prevents one from obtaining medical or other services provided on the property in a timely manner; or the use of loud, abusive, or otherwise improper language; or unwarranted loitering, sleeping, or assembly is prohibited. In addition to measures designed to secure voluntary terminations of violations of this paragraph the head of the facility or designee may cause the issuance of orders for persons who are creating a disturbance to depart the property. Failure to leave the premises when so ordered constitutes a further disturbance within the meaning of this rule, and the offender is subject to arrest and removal from the premises.

(6) *Gambling*. Participating in games for money or for tangible or intangible things, or the operating of gambling devices, the conduct of a lottery or pool, or the selling or purchasing of numbers tickets, in or on property is prohibited.

(7) *Alcoholic beverages and narcotics*. Operating a motor vehicle on property by a person under the influence of alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines is prohibited. Entering property under the influence of any narcotic drug, hallucinogen, marijuana, barbiturate, amphetamine, or alcoholic beverage (unless prescribed by a physician) is prohibited. The use on property of any narcotic drug, hallucinogen, marijuana, barbiturate, or amphetamine (unless prescribed by a physician) is prohibited. The introduction or possession of alcoholic beverages or any narcotic drug, hallucinogen, marijuana, barbiturate and amphetamine on property is prohibited, except for liquor or drugs prescribed for use by medical authority for medical purposes. Provided such possession is consistent with the laws of the State in which the facility is located, liquor may be used and maintained in quarters assigned to employees as their normal abode, and away from the abode with the written consent of the head of the facility which specifies a special occasion for use and limits the area and period for the authorized use.

(8) *Soliciting vending, and debt collection*. Soliciting alms and contributions, commercial soliciting and vending of all kinds, displaying or distributing commercial advertising, or collecting private debts in or on property is prohibited. This rule does not apply to:

(i) National or local drives for funds for welfare, health, or other purposes as authorized under Executive Order 12353, Charitable Fund Raising (March 23, 1982), as amended by Executive Order 12404 (February 10, 1983), and regulations issued by the Office of Personnel Management implementing these Executive Orders;

(ii) Concessions or personal notices posted by employees on authorized bulletin boards; and

(iii) Solicitation of labor organization membership or dues under 5 U.S.C. chapter 71.

(9) *Distribution of handbills*. The distributing of materials such as pamphlets, handbills, and/or flyers, and the displaying of placards or posting of materials on bulletin boards or elsewhere on property is prohibited, except as authorized by the head of the facility or

designee or when such distributions or displays are conducted as part of authorized Government activities.

(10) *Photographs for news, advertising, or commercial purposes.* Photographs for advertising or commercial purposes may be taken only with the written consent of the head of the facility or designee. Photographs for news purposes may be taken at entrances, lobbies, foyers, or in other places designated by the head of the facility or designee.

(11) *Animals.*

(i) Service animals, as defined in paragraph (a)(11)(viii) of this section, are permitted on VA property when those animals accompany individuals with disabilities and are trained for that purpose. A service animal shall be under the control of the person with the disability or an alternate handler at all times while on VA property. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means). VA is not responsible for the care or supervision of a service animal. Service animal presence on VA property is subject to the same terms, conditions, and regulations as generally govern admission of the public to the property.

(ii) A service animal will be denied access to VA property or removed from VA property if:

(A) The animal is not under the control of the individual with a disability or an alternate handler;

(B) The animal is not housebroken. The animal must be trained to eliminate its waste in an outdoor area; or

(C) The animal otherwise poses a risk to the health or safety of people or other service animals. In determining whether an animal poses a risk to the health or safety of people or other service animals, VA will make an individualized assessment based on objective indications to ascertain the severity of the risk. Such indications include but are not limited to:

(1) External signs of aggression from the service animal, such as growling, biting or snapping, baring its teeth, lunging; or

(2) External signs of parasites on the service animal (e.g. fleas, ticks), or other external signs of disease or bad health (e.g. diarrhea or vomiting).

(iii) Service animals will be restricted from accessing certain areas of VA property under the control of the Veterans Health Administration (VHA properties) to ensure patient care, patient safety, or infection control standards are not compromised. Such areas include but are not limited to:

- (A) Operating rooms and surgical suites;
- (B) Areas where invasive procedures are being performed;
- (C) Acute inpatient hospital settings when the presence of the service animal is not part of a documented treatment plan;
- (D) Decontamination, sterile processing, and sterile storage areas;
- (E) Food preparation areas (not to include public food service areas); and
- (F) Any areas where personal protective clothing must be worn or barrier protective measures must be taken to enter.

(iv) Service animals will be restricted from accessing certain areas of VA property under the control of the National Cemetery Administration (NCA properties) to ensure that public safety, facilities and grounds care, and maintenance control are not compromised. Such areas include but are not limited to:

- (A) Open interment areas, except as approved to observe an individual interment or inurnment.
- (B) Construction or maintenance sites; and
- (C) Grounds keeping and storage facilities.

(v) If a service animal is denied access to VA property or removed from VA property in accordance with (a)(11)(ii) of this section, or restricted from accessing certain VA property in accordance with paragraphs (a)(11)(iii) and (iv) of this section, then VA will give the individual with a disability the opportunity to obtain services without having the service animal on VA property.

(vi) Unless paragraph (a)(11)(vii) of this section applies, an individual with a disability must not be required to provide documentation, such as proof that an animal has been certified, trained, or licensed as a service animal, to gain access to VA property accompanied by the service animal. However, an individual may be asked if the animal is required because of a disability, and what work or task the animal has been trained to perform.

(vii) An individual with a disability, if such individual will be accompanied by the service animal while receiving treatment in a VHA residential program, must provide VA with documentation that confirms the service animal has had a current rabies vaccine as determined by state and local public health requirements, and current core canine vaccines as dictated by local veterinary practice standards (e.g. distemper, parvovirus, and adenovirus-2).

(viii) A service animal means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Service dogs in training are not considered service animals. This definition applies regardless of whether VA is providing benefits to support a service dog under 38 CFR 17.148.

(ix) Generally, animals other than service animals (“non-service animals”) are not permitted to be present on VA property, and any individual with a non-service animal must remove it. However, a VA facility head or designee may permit certain non-service animals to be present on VA property for the following reasons:

(A) Animals may be permitted to be present on VA property for law enforcement purposes;

(B) Animals under the control of the VA Office of Research and Development may be permitted to be present on VA property;

(C) Animal-assisted therapy (AAT) animals may be permitted to be present on VHA property when the presence of such animals would not compromise patient care, patient safety, or infection control standards. AAT is a goal-directed clinical intervention, as provided or facilitated by a VA therapist or VA clinician, that incorporates the use of an animal into the treatment regimen of a patient. Any AAT animal present on VHA property must facilitate achievement of patient-specific treatment goals, as documented in the patient's treatment plan. AAT animals must be up to date with all core vaccinations or immunizations, prophylactic parasite control medications, and regular health screenings as determined necessary by a licensed veterinarian consistent with local veterinary practice standards. Proof of compliance with these requirements must be documented and accessible in the area(s) where patients receive AAT.

(D) Animal-assisted activity (AAA) animals may be permitted to be present on VHA property when the presence of such animals would not compromise patient care, patient safety, or infection control standards. AAA involves animals in activities to provide patients with casual opportunities for motivational, educational, recreational, and/or therapeutic benefits. AAA is not a goal-directed clinical intervention that must be provided or facilitated by a VA therapist or clinician, and therefore is not necessarily incorporated into the treatment regimen of a patient or documented in the patient's medical record as treatment. AAA animals must be up to date with all core vaccinations or immunizations, prophylactic parasite control medications, and regular health screenings as determined necessary by a licensed veterinarian consistent with local veterinary practice standards. Proof of compliance with these requirements must be documented and accessible in the area(s) where patients may participate in AAA.

(E) Animals participating in a VA Community Living Center (CLC) residential animal program or a Mental Health Residential Rehabilitation Treatment Program (MHR RTP) may be permitted to be present on VHA property, when the presence of such animals would not compromise patient care, patient safety, or infection control standards. A residential animal program in a VA CLC or a MHR RTP is a program that uses the presence of animals to create a more homelike environment to foster comfort for veterans, while also stimulating a sense of purpose, familiarity, and belonging. Any VA CLC or MHR RTP residential animal present on VHA property must facilitate achievement of therapeutic outcomes (such as described above), as documented in patient treatment plans. Residential animals in a VA CLC or MHR RTP must be up to date with all core vaccinations and immunizations, prophylactic parasite control medications, and regular health screenings as determined necessary by a licensed veterinarian consistent with local veterinary practice standards. Proof of compliance with these requirements must be documented and accessible in the VA CLC or MHR RTP.

(F) Animals may be present on NCA property for ceremonial purposes during committal services, interments, and other memorials, if the presence of such animals would not compromise public safety, facilities and grounds care, and maintenance control standards.

(x) For purposes of this section, a disability means, with respect to an individual, a physical or mental impairment that substantially limits one or more major life activities of the individual; a record of such an impairment; or being regarded as having such an impairment.

(OMB has approved the information collection requirements in this section under control number XXXX-XXXX.)

(12) *Vehicle and pedestrian traffic.* Drivers of all vehicles in or on property shall drive in a careful and safe manner at all times and shall comply with the signals and directions of police and all posted traffic signs. The blocking of entrances, driveways, walks, loading platforms, or fire hydrants in or on property is prohibited; parking in unauthorized locations or in locations reserved for other persons or contrary to the direction of posted signs is prohibited. Creating excessive noise on hospital or cemetery premises by muffler cut out, the excessive use of a horn, or other means is prohibited. Operation of a vehicle in a reckless or unsafe manner, drag racing, bumping, overriding curbs, or leaving the roadway is prohibited.

(13) *Weapons and explosives.* No person while on property shall carry firearms, other dangerous or deadly weapons, or explosives, either openly or concealed, except for official purposes.

(14) *Demonstrations.*

(i) All visitors are expected to observe proper standards of decorum and decency while on VA property. Toward this end, any service, ceremony, or demonstration, except as authorized by the head of the facility or designee, is prohibited. Jogging, bicycling, sledding and other forms of physical recreation on cemetery grounds is prohibited.

(ii) For the purpose of the prohibition expressed in this paragraph, unauthorized demonstrations or services shall be defined as, but not limited to, picketing, or similar conduct on VA property; any oration or similar conduct to assembled groups of people, unless the oration is part of an authorized service; the display of any placards, banners, or foreign flags on VA property unless approved by the head of the facility or designee; disorderly conduct such as fighting, threatening, violent, or tumultuous behavior, unreasonable noise or coarse utterance, gesture or display or the use of abusive language to any person present; and partisan activities, i.e., those involving commentary or actions in support of, or in opposition to, or attempting to influence, any current policy of the Government of the United States, or any private group, association, or enterprise.

(15) *Key security.* The head of the facility or designee, will determine which employees, by virtue of their duties, shall have access to keys or barrier-card keys which operate locks to rooms or areas on the property. The unauthorized possession, manufacture, and/or use of such keys or barrier cards is prohibited. The surreptitious opening or attempted opening of locks or card-operated barrier mechanisms is prohibited.

(16) *Sexual misconduct.* Any act of sexual gratification on VA property involving two or more persons, who do not reside in quarters on the property, is prohibited. Acts of prostitution or solicitation for acts of prostitution on VA property is prohibited. For the purposes of this paragraph, an act of prostitution is defined as the performance or the offer or agreement to perform any sexual act for money or payment.

(b) *Schedule of offenses and penalties.* Conduct in violation of the rules and regulations set forth in paragraph (a) of this section subjects an offender to arrest and removal from the premises. Whomever shall be found guilty of violating these rules and regulations while on any property under the charge and control of VA is subject to a fine as stated in the schedule set forth herein or, if appropriate, the payment of fixed sum in lieu of appearance (forfeiture of collateral) as may be provided for in rules of the United States District Court. Violations included in the schedule of offenses and penalties may also subject an offender to a term of imprisonment of not more than six months, as may be determined appropriate by a magistrate or judge of the United States District Court:
