Schedule for Rating Disabilities

Veterans Benefits Administration

Supplement No. 57

5 December 2017

Covering the period of Federal Register issues
through December 1, 2017

When **Book C** was originally prepared, it was current through final regulations published in the *Federal Register* of 24 March 1992. These supplemental materials are designed to keep your regulations up to date. You should file the attached pages immediately, and record the fact that you did so on the *Supplement Filing Record* which is at page C-8 of Book C, *Schedule for Rating Disabilities*.

**To ensure accuracy and timeliness of your materials,
it is important that you follow these simple procedures:**

1. Always file your supplemental materials immediately upon receipt.
2. Before filing, always check the Supplement Filing Record (page C-8) to be sure that all prior supplements have been filed. If you are missing any supplements, contact the Veterans Benefits Administration at the address listed on page C-2.
3. After filing, enter the relevant information on the Supplement Filing Record sheet (page C-8)—the date filed, name/initials of filer, and date through which the *Federal Register* is covered.
4. If as a result of a failure to file, or an undelivered supplement, you have more than one supplement to file at a time, be certain to file them in chronological order, lower number first.
5. Always retain the filing instructions (simply insert them at the back of the book) as a backup record of filing and for reference in case of a filing error.
6. Be certain that you *permanently discard* any pages indicated for removal in the filing instructions in order to avoid confusion later.

To execute the filing instructions, simply remove *and throw away* the pages listed under *Remove These Old Pages*, and replace them in each case with the corresponding pages from this supplement listed under *Add These New Pages*. Occasionally new pages will be added without removal of any old material (reflecting new regulations), and occasionally old pages will be removed without addition of any new material (reflecting rescinded regulations)—in these cases the word *None* will appear in the appropriate column.

HIGHLIGHTS

Book C, Supplement No. 57 December 5, 2017

Supplement Highlights references: Where substantive changes are made in the text of regulations, the paragraphs of *Highlights* sections are cited at the end of the relevant section of text. Thus, if you are reading §3.263, you will see a note at the end of that section which reads: “Supplement *Highlights* references—6(2).” This means that paragraph 2 of the *Highlights* section in Supplement No. 6 contains information about the changes made in §3.263. By keeping and filing the *Highlights* sections, you will have a reference source explaining all substantive changes in the text of the regulations.

Supplement frequency: This Book C (*Schedule for Rating Disabilities*) was originally supplemented four times a year, in February, May, August, and November. Beginning 1 August 1995, supplements will be issued *every month* during which a final rule addition or modification is made to the parts of Title 38 covered by this book. Supplements will be numbered consecutively as issued.

Modifications in this supplement include the following:

1. On 2 November 2017, the VA published a final rule effective 10 December 2017, to amend its Schedule for Rating Disabilities (VASRD) by revising the portion of the Schedule that addresses endocrine conditions and disorders of the endocrine system. The effect of this action is to ensure that the VASRD uses current medical terminology and to provide detailed and updated criteria for evaluation of endocrine disorders. Changes:

- In §4.104, revised entry for diagnostic code 7008,
- In §4.119, revised entries for diagnostic codes 7900 through 7905, 7907 through 7909, 7911 through 7913 and 7915 through 7919.
- In §4.119, added entry for diagnostic code 7906.
- Amended Appendices A, B and C to reflect these changes.

 results in inability to rise from squatting position, climb stairs, rise from a deep chair without assistance, or raise arms

With striae, obesity, moon face, glucose intolerance, and30

Note (1): Evaluate compensable complications of diabetes separately unless they are part of the criteria used to support a 100-percent evaluation.

Noncompensable complications are considered part of the diabetic process under DC 7913.

Note (2): When diabetes mellitus has been conclusively diagnosed, do not request a glucose tolerance test solely for rating purposes.

7914 Neoplasm, malignant, any specified part of the endocrine system100

Note: A rating of 100 percent shall continue beyond the cessation of any surgical, X-ray, antineoplastic chemotherapy or other therapeutic procedure. Six months after discontinuance of such treatment, the appropriate disability rating shall be determined by mandatory VA examination. Any change in evaluation based upon that or any subsequent examination shall be subject to the provisions of §3.105(e) of this chapter. If there has been no local recurrence or metastasis, rate on residuals.

7915 Neoplasm, benign, any specified part of the endocrine system:
