## Veterans Benefits Administration

Supplement No. 83

5 January 2014

Covering the period of Federal Register issues  
through January 1, 2014

When **Book I** was originally prepared, it was current through final regulations published in the *Federal Register* of 15 January 2000. These supplemental materials are designed to keep your regulations up to date. You should file the attached pages immediately, and record the fact that you did so on the *Supplement Filing Record* which is at page I-8 of Book I, *Medical*.

**To ensure accuracy and timeliness of your materials,  
it is important that you follow these simple procedures:**

1. Always file your supplemental materials immediately upon receipt.
2. Before filing, always check the Supplement Filing Record (page I-8) to be sure that all prior supplements have been filed. If you are missing any supplements, contact the Veterans Benefits Administration at the address listed on page I-2.
3. After filing, enter the relevant information on the Supplement Filing Record sheet (page I-8)—the date filed, name/initials of filer, and date through which the *Federal Register* is covered.
4. If as a result of a failure to file, or an undelivered supplement, you have more than one supplement to file at a time, be certain to file them in chronological order, lower number first.
5. Always retain the filing instructions (simply insert them at the back of the book) as a backup record of filing and for reference in case of a filing error.
6. Be certain that you *permanently discard* any pages indicated for removal in the filing instructions in order to avoid confusion later.

To execute the filing instructions, simply remove *and throw away* the pages listed under *Remove These Old Pages*, and replace them in each case with the corresponding pages from this supplement listed under *Add These New Pages*. Occasionally new pages will be added without removal of any old material (reflecting new regulations), and occasionally old pages will be removed without addition of any new material (reflecting rescinded regulations)—in these cases the word *None* will appear in the appropriate column.

### Use of Public or Private Hospitals

#### §17.52 Hospital care and medical services in non-VA facilities.

(a) When VA facilities or other government facilities are not capable of furnishing economical hospital care or medical services because of geographic inaccessibility or are not capable of furnishing care or services required, VA may contract with non-VA facilities for care in accordance with the provisions of this section. When demand is only for infrequent use, individual authorizations may be used. Care in public or private facilities, however, subject to the provisions of §§17.53, 17.54, 17.55 and 17.56, will only be authorized, whether under a contract or an individual authorization, for:

(1) Hospital care or medical services to a veteran for the treatment of:

(i) A service-connected disability; or

(ii) A disability for which a veteran was discharged or released from the active military, naval, or air service or

(iii) A disability of a veteran who has a total disability permanent in nature from a service-connected disability, or

(iv) For a disability associated with and held to be aggravating a service-connected disability, or

(v) For any disability of a veteran participating in a rehabilitation program under 38 U.S.C. ch. 31 and when there is a need for hospital care or medical services for any of the reasons enumerated in §17.48(j). (Authority: 38 U.S.C. 1703, 3104; sec. 101, Pub. L. 96-466; sec. 19012, Pub. L. 99-272)

(2) Medical services for the treatment of any disability of:

(i) A veteran who has a service-connected disability rated at 50 percent or more,

(ii) A veteran who has been furnished hospital care, nursing home care, domiciliary care, or medical services, and requires medical services to complete treatment incident to such care or services (each authorization for non-VA treatment needed to complete treatment may continue for up to 12 months, and new authorizations may be issued by VA as needed), and

(iii) A veteran of the Mexican border period or World War I or who is in receipt of increased pension or additional compensation based on the need for aid and attendance or housebound benefits when it has been determined based on an examination by a physician employed by VA (or, in areas where no such physician is available, by a physician carrying out such function under a contract or fee arrangement), that the medical condition of such veteran precludes appropriate treatment in VA facilities; (Authority: 38 U.S.C. 1703; sec. 19012, Pub. L. 99-272)

(3) Hospital care or medical services for the treatment of medical emergencies which pose a serious threat to the life or health of a veteran receiving hospital care or medical services in a facility over which the Secretary has direct jurisdiction or government facility with

which the Secretary contracts, and for which the facility is not staffed or equipped to perform. and transfer to a public or private hospital which has the necessary staff or equipment is the only feasible means of providing the necessary treatment, until such time following the furnishing of care in the non-VA facility as the veteran can be safely transferred to a VA facility; (Authority: 38 U.S.C. 1703; sec. 19012, Pub. L. 99-272)

(5) Through September 30, 1988, hospital care or medical services that will obviate the need for hospital admission for veterans in the Commonwealth of Puerto Rico, except that the dollar expenditure in Fiscal year 1986 cannot exceed 85% of the Fiscal year 1985 obligations, in Fiscal year 1987 the dollar expenditure cannot exceed 50% of the Fiscal year 1985 obligations and in Fiscal year 1988 the dollar expenditure cannot exceed 25% of the Fiscal year 1985 obligations. (Authority: 38 U.S.C. 1703; sec. 102, Pub. L. 99-166; sec. 19012, Pub. L. 99-272)

(6) Hospital care or medical services that will obviate the need for hospital admission for veterans in Alaska, Hawaii, Virgin Islands and other territories of the United States except that the annually determined hospital patient load and incidence of the furnishing of medical services to veterans hospitalized or treated at the expense of VA in government and non-VA facilities in each such State or territory shall be consistent with the patient load or incidence of the provision of medical services for veterans hospitalized or treated by VA within the 48 contiguous States. (Authority: 38 U.S.C. 1703; sec. 19012, Pub. L. 99-272)

(7) Outpatient dental services and treatment, and related dental appliances, for a veteran who is a former prisoner of war and was detained or interned for a period of not less than 181 days. (Authority: 38 U.S.C. 1703; sec. 19012, Pub. L. 99-272)

(8) Hospital care or medical services for the treatment of medical emergencies which pose a serious threat to the life or health of a veteran which developed during authorized travel to the hospital, or during authorized travel after hospital discharge preventing completion of travel to the originally designated point of return (and this will encompass any other medical services necessitated by the emergency, including extra ambulance or other transportation which may also be furnished at VA expense. (Authority: 38 U.S.C. 1701(5))

(9) Diagnostic services necessary for determination of eligibility for, or of the appropriate course of treatment in connection with, furnishing medical services at independent VA outpatient clinics to obviate the need for hospital admission. (Authority: 38 U.S.C. 1703; sec. 19012, Pub. L. 99-272)

(10) For any disability of a veteran receiving VA contract nursing home care. The veteran is receiving contract nursing home care and requires emergency treatment in non-VA facilities. (Authority: 38 U.S.C. 1703(a))

(11) For completion of evaluation for observation and examination (O&E) purposes, clinic directors or their designees will authorize necessary diagnostic services at non-VA facilities (on an inpatient or outpatient basis) in order to complete requests from VA Regional Offices for O&E of a person to determine eligibility for VA benefits or services.

(b) The Under Secretary for Health shall only furnish care and treatment under paragraph (a) of this section to veterans described in §17.47(d).

(1) To the extent that resources are available and are not otherwise required to assure that VA can furnish needed care and treatment to veterans described in §17.47(a) and (c), and

(2) If the veteran agrees to pay the United States an amount as determined in §17.48(e). (Authority: 38 U.S.C. 1703, 1710 and 1712; sec. 19011-19012, Pub. L. 99-272)

**§17.53 Limitations on use of public or private hospitals.**

The admission of any patient to a private or public hospital at Department of Veterans Affairs expense will only be authorized if a Department of Veterans Affairs medical center or other Federal facility to which the patient would otherwise be eligible for admission is not feasibly available. A Department of Veterans Affairs facility may be considered as not feasibly available when the urgency of the applicant's medical condition, the relative distance of the travel involved, or the nature of the treatment required makes it necessary or economically advisable to use public or private facilities. In those instances where care in public or private hospitals at Department of Veterans Affairs expense is authorized because a Department of Veterans Affairs or other Federal facility was not feasibly available, as defined in this section, the authorization will be continued after admission only for the period of time required to stabilize or improve the patient's condition to the extent that further care is no longer required to satisfy the purpose for which it was initiated.

[39 FR 17223, May 14, 1974, as amended at 47 FR 58248, Dec. 30, 1982. Redesignated at 61 FR 21965, May 13, 1996]

**§17.54 Necessity for prior authorization.**

(a) The admission of a veteran to a non-Department of Veterans Affairs hospital at Department of Veterans Affairs expense must be authorized in advance. In the case of an emergency which existed at the time of admission, an authorization may be deemed a prior authorization if an application, whether formal or informal, by telephone, telegraph or other communication, made by the veteran or by others in his or her behalf is dispatched to the Department of Veterans Affairs (1) for veterans in the 48 contiguous States and Puerto Rico, within 72 hours after the hour of admission, including in the computation of time Saturday, Sunday and holidays, or (2) for veterans in a noncontiguous State, territory or possession of the United States (not including Puerto Rico) if facilities for dispatch of application as described in this section are not available within the 72-hour period, provided the application was filed within 72 hours after facilities became available.

(b) When an application for admission by a veteran in one of the 48 contiguous States in the United States or in Puerto Rico has been made more than 72 hours after admission, or more than 72 hours after facilities are available in a noncontiguous State, territory or possession of the United States, authorization for continued care at Department of Veterans Affairs expense shall be effective as of the postmark or dispatch date of the application, or the date of any telephone call constituting an informal application.

**§17.110 Copayments for medication.**

(a) *General.* This section sets forth requirements regarding copayments for medications provided to veterans by VA.

(b) *Copayments.*

(1) *Copayment amount.* Unless exempted under paragraph (c) of this section, a veteran is obligated to pay VA a copayment for each 30-day or less supply of medication provided by VA on an outpatient basis (other than medication administered during treatment).

(i) For the period from July 1, 2010, through December 31, 2014, the copayment amount for veterans in priority categories 2 through 6 of VA's health care system (see §17.36) is \$8.

(ii) For veterans in priority categories 7 and 8 of VA's health care system (see §17.36), the copayment amount from July 1, 2010, through December 31, 2014, is \$9.

(iii) The copayment amount for all affected veterans for each calendar year after December 31, 2014, will be established by using the prescription drug component of the Medical Consumer Price Index as follows: For each calendar year, the Index as of the previous September 30 will be divided by the Index as of September 30, 2001 which was 304.8. The ratio so obtained will be multiplied by the original copayment amount of \$7. The copayment amount for the new calendar year will be this result, rounded down to the whole dollar amount.

**Note to Paragraph (b)(1)(iv):** Example for determining copayment amount. The ratio of the prescription drug component of the Medical Consumer Price Index for September 30, 2005, to the corresponding Index for September 30, 2001 (304.8) was 1.1542. This ratio, when multiplied by the original copayment amount of \$7 equals \$8.08, and the copayment amount beginning in calendar year 2006, rounded down to the whole dollar amount, was set at \$8.

(2) The total amount of copayments in a calendar year for a veteran enrolled in one of the priority categories 2 through 6 of VA's health care system (see §17.36) shall not exceed the cap established for the calendar year. During the period from January 1, 2010 through December 31, 2014, the cap will be \$960. If the copayment amount increases after December 31, 2012, the cap of \$960 shall be increased by \$120 for each \$1 increase in the copayment amount.

(3) *Information on copayment/cap amounts.* Current copayment and cap amounts are available at any VA Medical Center and on our Web site, <http://www.va.gov>. Notice of any increases to the copayment and corresponding increases to annual cap amount will be published in the *Federal Register*.

(c) *Medication not subject to the copayment requirements.* The following are exempt from the copayment requirements of this section:

(1) Medication for a veteran who has a service-connected disability rated 50% or more based on a service-connected disability or unemployability.

- (2) Medication for a veteran's service-connected disability.
- (3) Medication for a veteran whose annual income (as determined under 38 U.S.C. 1503) does not exceed the maximum annual rate of VA pension which would be payable to such veteran if such veteran were eligible for pension under 38 U.S.C. 1521.
- (4) Medication authorized under 38 U.S.C. 1710(e) for Vietnam-era herbicide-exposed veterans, radiation-exposed veterans, Persian Gulf War veterans, or post-Persian Gulf War combat-exposed veterans.
- (5) Medication for treatment of sexual trauma as authorized under 38 U.S.C. 1720D.
- (6) Medication for treatment of cancer of the head or neck authorized under 38 U.S.C. 1720E.
- (7) Medications provided as part of a VA approved research project authorized by 38 U.S.C. 7303.
- (8) Medication for a veteran who is a former prisoner of war.
- (9) A veteran who VA determines to be catastrophically disabled, as defined in 38 CFR 17.36(e).
- (10) A veteran receiving care for psychosis or a mental illness other than psychosis pursuant to §17.109. (Authority: 38 U.S.C. 501, 1710, 1720D, 1722A, 1730A)

### **§59.3 Federal Application Identifier.**

Once VA has provided the State representative with a Federal Application Identifier Number for a project, the number must be included on all subsequent written communications to VA from the State, or its agent, regarding a request for a grant for that project under this part. ### **§59.4 Decisionmakers, notifications, and additional information.**

The decisionmaker for decisions required under this part will be the Director, Capital Asset Management and Support, unless specified to be the Secretary or other VA official. The VA decisionmaker will provide written notice to affected States of approvals, denials, or requests for additional information under this part. ### **§59.10 General requirements for a grant.**

For a State to obtain a grant under this part and grant funds, its initial application for the grant must be approved under §59.20, and the project must be ranked sufficiently high on the priority list for the current fiscal year so that funding is available for the project. It must meet the additional application requirements in §59.60, and it must meet all other requirements under this part for obtaining a grant and grant funds. (Authority: 38 U.S.C. 101, 501, 1710, 1742, 8105, 8131-8137).

*Next Section is §59.20*

**§59.20 Initial application requirements.**

(a) For a project to be considered for inclusion on the priority list in §59.50 of this part for the next fiscal year, a State must submit to VA an original and one copy of a completed VA Form 10-0388-1 and all information, documentation, and other forms specified by VA Form 10-0388-1 (these forms are available on the internet Web sites provided in §59.170 of this part).

(b) The Secretary, based on the information submitted for a project pursuant to paragraph (a) of this section, will approve the project for inclusion on the priority list in §59.50 of this part if the submission includes all of the information requested under paragraph (a) of this section and if the submission represents a project that, if further developed, could meet the requirements for a grant under this part.

(c) The items requested under paragraph (a) of this section must be received by VA no later than April 15 in order for VA to include the application on the priority list for the award of grants during the next fiscal year. *See* §59.50, Priority List.

(d) If a State representative believes that VA may not award a grant to the State for a grant application during the current fiscal year and wants to ensure that VA includes the application on the priority list for the next fiscal year, the State representative must, prior to April 15 of the current fiscal year,

(1) Request VA to include the application in those recommended to the Secretary for inclusion on the priority list, and

(2) Send any updates to VA. (Authority: 38 U.S.C. 101, 501, 1710, 1742, 8105, 8131-8137).

(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900-0661)

[66 FR 33847, June 26, 2001, as amended at 73 FR 58880, Oct. 8, 2008; 77 FR 10665, Feb. 23, 2012]

**Supplement *Highlights* references:** 43(2), 67(2).

*Next Section is §59.30*

(e) If any State home in a State has been cited by a VA safety office, VA engineering office, or other VA office with responsibility for life and safety inspections; a State or local government agency (including a Fire Marshal); or an accrediting institution (including the Joint Commission on Accreditation of Healthcare Organizations) for conditions that threaten the lives or safety of one or more of the residents or program participants in the facility, the State must include in any application submitted under §59.20 or its updates to such application its plan to address all such citations. If VA determines that the State's plan fails to set forth how it will address such citations in a reasonable period of time, then VA will prioritize all applications of such State as follows:

(1) Applications that meet the criteria of paragraph (a)(1) of this section, but do not meet the criteria of paragraphs (a)(1)(i) or (vii) of this section, will be prioritized in subpriority group 6 of priority group 1 (paragraph (a)(1)(vi) of this section).

(2) Applications not meeting the criteria for placement in priority group 1 (paragraph (a)(1) of this section) and not meeting the criteria of subpriority group 1 of priority group 1 (paragraph (a)(1)(i) of this section) will be prioritized in priority group 7 (paragraph (a)(7) of this section).

(f) The priority list will not contain any project for the construction or acquisition of a hospital or hospital beds.

(g) For purposes of establishing priorities under this section:

(1) A State has a great need for nursing home and domiciliary beds if the State:

(i) Has no State homes with nursing home or domiciliary beds, or

(ii) Has an unmet need of 2,000 or more nursing home and domiciliary beds;

(2) A State has a significant need for nursing home and domiciliary beds if the State has an unmet need of 1,000 to 1,999 nursing home and domiciliary beds; and

(3) A State has a limited need for nursing home and domiciliary beds if the State has an unmet need of 999 or fewer nursing home and domiciliary beds.

(h) Except for applications that must be included in subpriority group 1 of priority group 1, applications for projects with components that could be prioritized in more than one priority group will be placed in the priority group toward which the largest share of the cost of the project is allocated. Once the correct priority group is determined, applications for projects with components that could be prioritized in more than one subpriority group in that priority group will be placed in the subpriority group toward which the largest share of the cost of the project is allocated. For example, if a project for which 25 percent of the funds needed would address seismic issues and 75 percent of the funds needed would be for building construction in a State with a great need for new beds, the project would be placed in subpriority group 3. If the highest-cost component of an application for multiple projects does not meet the criteria for placement in priority group 1, subpriority group 1, because it is estimated to cost \$400,000.00 or more, it will be prioritized based on the component with the next largest share of the cost.

(i) Once the Secretary prioritizes the applications in the priority list, VA will not change the priorities unless a change is necessary as a result of an appeal. (Authority: 38 U.S.C. 101, 501, 1710, 1742, 8105, 8131-8137).
