• Debts resulting from reductions/terminations will be established as follows:

**School Debt**
- Tuition and Fees
- Yellow Ribbon

**Student Debt**
- Monthly housing allowance (MHA)
- Books and supplies
- Kicker benefits
Debt Establishment

• Reductions and terminations
  – During a school’s drop period will be effective the end of the month during which the reduction occurred or the actual date of withdrawal.
  – For which punitive grades are assigned will be effective the end of the month during which the reduction occurred or the actual date of withdrawal.
  – After the drop period for which non-punitive grades are assigned will be effective the first day of the term unless:
    o The 6-credit hour exclusion is granted
    o Mitigating circumstances (MIT-C) exist

• Schools will be responsible for tuition and fee and/or Yellow Ribbon program debts created as a result of the actions above.
Debt Collection Instructions for Institutions/Schools

  – COVID relief for students with debts created after April 1, 2020 has been extended until September 30, 2021
  – DMC plans to provide informational letters to students during the COVID relief period
MODULE FOUR
MITIGATING CIRCUMSTANCES
Mitigating Circumstances

- Mitigating circumstances (MIT-C) are reasons beyond the control of the student which prevented the completion of the course(s).
- When a student reduces/terminates after the drop period and non-punitive grades are assigned, MIT-C are an issue.
- Acceptable MIT-C allow VA to use the end of the month during which the reduction occurred or the actual date of withdrawal as the effective date rather than the first day of term.

NOTE: The 6-credit hour exclusion applies to a student’s first instance of reduction/termination for which MIT-C are an issue.
Mitigating Circumstances

Acceptable MIT-C include, but are not limited to:

- An illness or death in the student’s immediate family.
- An illness or injury afflicting the student during the enrollment period.
- An unavoidable change in the student’s conditions of employment.
- Immediate family or financial obligations that require him or her to suspend pursuit of the program of education to obtain employment.
- Unanticipated active military service, including active duty for training.
- Reductions and withdrawals due to COVID-19 (PL 116-315, section 1104).
PL 116-315 (Section 1104)

• PL 116-315, Section 1104 states that the following are considered mitigation circumstances. You should certify any drops/reductions due to the following as “MIT-C”

• Any reason related to COVID-19 emergency including:
  – (1) illness, quarantine, or social distancing requirements;
  – (2) issues associated with COVID–19 testing accessibility;
  – (3) access or availability of childcare;
  – (4) providing care for a family member or cohabitants;
  – (5) change of location or residence due to COVID–19 or associated school closures;
  – (6) employment changes or financial hardship; and
  – (7) issues associated with changes in format or medium of instruction.
Mitigating Circumstances

• Schools should provide MIT-C, if known. Documentation of MIT-C must be maintained in the student’s file for review during a compliance survey.

• If MIT-C are not provided by the school, VA will adjust benefits effective the first day of the term and request from the student.

• If acceptable MIT-C are subsequently provided, VA will adjust benefits effective the end of the month during which the reduction occurred or the actual date of withdrawal. If the debt has already been repaid by the school, VA will reissue the school a portion of the amount repaid.

• In general, acceptable MIT-C will not eliminate a school debt. They only allow for payment through the end of the month during which the reduction occurred or the actual date of withdrawal as the effective date rather than the first day of term.
MODULE FIVE
FAQS & REFERENCES
Question 1: What letters will institutions and students receive from DMC?

Answer 1: DMC will send standard debt notification letters, once the debt is created for the institution/school. DMC’s standard debt notification letters to students with debts created after April 1, 2020, are paused until September 30, 2021, for COVID relief. Informational letters may be sent to inform students of their debt balances and options.
Question 2: Will any debts remain for students? What should the student do if they receive a letter stating they have a debt?

**Answer 2:** Students will still have debts created for benefits sent directly to them such as books and supplies and monthly housing allowance. DMC’s standard debt notification letters to students with debts created after April 1, 2020 are paused until September 30, 2021 for COVID relief. RPO letters to students have not been paused. Students may receive special informational letters from DMC during the COVID relief period, these letters will clearly indicate that action on the debt is optional.
Question 3: Can students request a waiver with VA, for money they owe to the institution/school?

Answer 3: Students cannot request a waiver for a debt with their institution/school through the VA Committee on Waivers and Compromises. In addition, there are no waiver rights for schools.

Question 4: What is DMC’s role in considering mitigating circumstances?

Answer 4: RPOs handle all processing and debt amount adjustments for mitigating circumstances. Please do not submit mitigating circumstances information to DMC.
