Background

When certifying graduate training under Chapter 33, School Certifying Officials (SCOs) must report the minimum number of credit hours their academic regulations require to be considered full-time. VA will divide the number of credit hours certified by the number of credit hours required to be considered full-time to determine rate of pursuit.

The Long Term Solution (LTS) automatically performs credit hour equivalent calculations for all non-standard terms. These automatic adjustments distort the expected rate of training for students enrolled less than full-time and under values training for terms longer than standard length.

Until LTS is reprogrammed, School Certifying Officials (SCO) must add the VBA Standard Remarks; “Graduate non-standard term” in the remarks with all non-standard length periods certified to off ramp for processing review.
A standard length semester is 15 to 19 weeks and a standard length quarter is 10 to 13 weeks.

SCOs must enter the number of credit hours that his/her school considers to be full time for a standard length semester or quarter for the program the student is pursuing in the TT/FT box.

Note: Do not enter remarks in the remarks section for standard terms.
Non-standard Terms

A non-standard length semester is shorter or longer than 15 to 19 weeks and a non-standard length quarter is shorter or longer than 10 to 13 weeks.

SCOs must enter the minimum number of hours required for full time in the TT/FT box. Additionally, he/she must enter the following VBA Standard Remark in VA-ONCE “Graduate non-standard term”, to off ramp the enrollment for manual processing.

Examples of Certifying Chapter 33 Standard and Non-standard Terms
Certifying Chapter 33 Graduate Credits

Example 1 – Standard Term

Student takes 6 credit hours in the fall semester. Your academic regulations state 9 credits or more is full-time.

Certify 6 credit hours and enter 9 in the TT/FT box.

VA will divide credits taken by credits considered full-time to determine the rate of pursuit (6 ÷ 9 = .66).

The student’s rate of pursuit is 66%

Remember: Do not add remarks for standard terms
Example 2 – Non-Standard Term

Student takes 3 quarter hours in a non-standard term. Your school considers that to be full-time for the period.

Certify 3 quarter hours and enter 3 in the TT/FT box.

Click the Modify Remarks List and select VBA Standards Remarks; then select “Graduate Non-Standard Term” from the VBA Standard Remarks.

VA will divide credits taken by credits considered full-time to determine the rate of pursuit \( \frac{3}{3} = 1 \).

The student’s rate of pursuit is 100%
Certifying Chapter 33 Graduate Credits

Example 3 – Non-Standard Term

Student takes 3 quarter hours in a non-standard term. Your school considers 6 quarter hours to be full-time for the period.

Certify 3 quarter hours and enter 6 in the TT/FT box.

Click the Modify Remarks List and select VBA Standards Remarks; then select “Graduate Non-Standard Term” from the VBA Standard Remarks.

VA will divide credits taken by credits considered full-time to determine the rate of pursuit (3 ÷ 6 = .50).

The student’s rate of pursuit is 50% or exactly halftime.

Remember: A student’s rate of pursuit must be greater than 50% to be entitled the Monthly Housing Allowance.

Harry W. Colmery Veterans Educational Assistance Act of 2017
Public Law (PL) 115-48, Section 305

School Certifying Official (SCO) Webinar - March 26, 2019
Debra J. Morgan, Chief
Compliance & Liaison National Training Team
Section 305 of the Harry W. Colmery Veterans Educational Assistance Act of 2017, authorizes VA to establish training requirements for SCOs at “covered institutions”

- Training requirements are being developed in consultation with the State approving agencies (SAAs)
- VA may disapprove any course of education offered by an educational institution, or revoke certification ability of a training establishment if training requirements are not met
- This section was effective on August 1, 2018
A "covered educational institution" refers to an educational institution that has enrolled 20 or more individuals using VA educational assistance under chapter 36 of title 38 U.S.C

Includes IHLs, NCDs, flight schools, and apprenticeship/OJT facilities, etc., offering any type of training under approved programs.
A “SCO” is defined as an employee of an educational institution with the primary responsibility for certifying Veteran enrollment at the educational institution.

VA Form 22-8794, "Designation of School Certifying Official", is required to designate individuals authorized to certify enrollment information to VA.

VA Form 22-8794 has been revised to include designation of SCOs with “Read Only” access to VA information.
