Welcome
Harry W. Colmery Educational Assistance Act of 2017
The Harry W. Colmery Veterans Educational Assistance Act of 2017 ("Forever GI Bill") is one of the most comprehensive changes to the Post-9/11 GI Bill.

Some of the significant changes to the 31 education-related sections of the bill are below:

- Makes the Post-9/11 GI Bill a lifetime benefit – previously Veterans had to use the benefit within 15 years.
- Restores GI Bill entitlement and provides relief to those affected by school closures.
- Provides full Post-9/11 GI Bill benefits to all who are awarded the Purple Heart.
- Includes Fry Scholarship into the Yellow Ribbon program. Fry Scholarship is for spouses and children of Servicemembers who died in the line of duty.
- Changes eligibility requirements for Guard/Reserve.
- Establishes a STEM Scholarship Program.
- Makes changes to the transfer to spouses and children beneficiaries.
- Establishes a High Technology Pilot Program.
- Authorizes $30M for automation of Education original claims and remaining supplemental claims.
There are several provisions, that impact schools, that went into effect on the date of enactment, when the President signed the bill into law. These are:

- The 15-year time limitation for using Post-9/11 GI Bill benefits is eliminated for Veterans who left active duty on or after January 1, 2013, and qualifying dependents (Fry children who became eligible on or after January 1, 2013 and all Fry spouses)

- Reservists who had eligibility under the Reserve Educational Assistance Program (REAP) and lost it due to the program sunset provision will have that service credited toward the Post-9/11 GI Bill program
Provisions - *Date of Enactment* (cont.)

- Certain work-study activities are permanently authorized; previously it had to be re-approved by Congress every few years.

- Improvement of information technology for the Long-Term Solution

- Beneficiaries can now use Post-9/11 GI Bill to pursue accredited independent study programs at certain education institutions that are not institutions of higher learning (IHLs)

- VA will help Veterans to more clearly identify schools that offer them priority enrollment

Reductions In Credit Hours

• Reductions in credit hours for students can result in debts and financial hardships

• *Please* be transparent with your students when they are considering dropping a course about potential consequences

• Student questions regarding how a debt may be established can be directed to the hotline
Dual Certification
Dual Certification

• Schools are obligated to submit student’s enrollment “without delay”
  – In the SCO handbook (page 44) this is expressed as, “Schools are requested to submit certifications as early as possible in order to ensure that students receive their benefit payments in a timely manner, but must be submitted 30 days of the beginning of the term.”

• An effective way to minimize student debts and adjustments that are confusing to students is for schools to submit an enrollment certification with $0.00 (as if they were unknown), and then follow-up after the drop add period or term’s conclusion with the actual enrollment information and tuition and fees. This best practice is called “dual certification.”

• Dual certification is the process by which a school may certify an enrollment and fill out the term dates, credit hours, and other pertinent information (claimant’s SSN, address, school facility code etc.).
Dual Certification

- SCOs are encouraged to leave the tuition and fee field blank with $0 being reported. After the drop/add period or another specified time by the school, the SCO may send another enrollment certification (VA Form 22-1999) or an amended enrollment certification (AM 22-1999) with tuition and fees on the 2nd enrollment.

- **This process is highly encouraged** but is not mandatory

- The benefits of dual certifications are two-fold:
  - It allows the school to certify an enrollment in a timely manner while ensuring that the student receives housing allowance, books and supplies stipend, and;
  - It allows for a more precise report from the schools when they certify tuition and fees and **prevents overpayments**.

- In addition, schools also get an accurate picture of how many credits a student pursued during a term, quarter, or semester and have the ability to track what an individual student owes.
