STEP 1: INITIAL SET UP – Go to the VA-ONCE Home page for School Certifying Officials. The full web address is: https://vaonce.vba.va.gov/vaonce_student/default.asp

NOTE: Your browser should be Internet Explorer (IE) in order to access VA-ONCE. Other browsers can be used to access VAONCE, but VA does not test to certify compliance with browsers other than Internet Explorer. See your IT department for available browsers at your school.

VA is currently using IE 9. There are known issues with VA-ONCE and Internet Explorer (IE) 10 and 11. If you are having problems, please try using VA-ONCE in Compatibility mode. In IE 10, click the compatibility icon at the top of your browser. It is usually found next to the search bar and looks like a piece of paper torn in half horizontally. In IE 11, click the cog icon. It is located next to the star in the upper right corner. On the menu select View in Compatibility Mode, and add va.gov to the list of web sites.
STEP 2: INITIAL SET UP – Log On
Log in using your VA provided user ID and temporary Password. NOTE: Your browser must allow “Pop-Ups” to view this page.
STEP 3: INITIAL SET UP – Changing your Password
Each certifying official will be assigned a temporary password. Click on the “Admin” button to change the password.
STEP 4: INITIAL SET UP – Changing your Password
Click on “User” and then “User Preferences” in the drop down menu.
STEP 5: INITIAL SET UP – Changing your password
Click on “Change” next to the current password.
STEP 6: INITIAL SET UP – Changing your password

Complete “New Password”, “Confirm Password”, and “Password Hint”. Click “Change Password”.  

Passwords must consist of 3 of the 4 following categories: Uppercase; Lowercase; Numeric; Special Characters.

NOTE: You will be prompted to change your password every 90 days. If you do not log in, your account will be deleted after 120 days of inactivity.
Across the top of every screen are the actions that can be performed on that page.

The 3 mini tabs located at the bottom of every VA ONCE screen are the TASKS, MARGIN, and HELP tabs.

The TASKS tab is the default. When it is selected you will see the Main Task Buttons: Select, Admin, Reports, and Logout.
MARGIN TAB - When the Margin Tab is selected, the left margin will change as you enter each individual field on the page and give you information specific to that field. In this example the cursor is in the “Search Text” box and the Margin text instructs the user on what to enter.
HELP TAB - When the Help Tab is selected, the left margin will display Help questions related to the page you are viewing. If you click on the question, the answer will appear in a separate pop-up. In this example the user clicked “What do the status codes mean?”. The pop-up provides the answer.
Remember that you have 3 mini tabs that will help you move through VA-ONCE.

- The TASKS tab located at the bottom left corner of every VA ONCE screen will bring you back to Main Task Buttons.

- The MARGIN tab located next to the Tasks tab provides you with help text specific to each field on the page. If the cursor is not in a field, the Margin text will be specific to the page.

- The HELP tab located next to the Margin tab provides you with Frequently asked questions regarding the page. Clicking on the question will bring up a pop-up box with the answer. At the bottom of the screen when the Help Tab is selected is also a link for Keyboard shortcuts, if you prefer using the keyboard to the mouse.
For each major action taken in VA-ONCE there is an associated status code. The status is shown in the top right corner of the screen. The status chart can be viewed at any time by clicking on the icon with the status number.

The status code of the last action taken will also be listed next to your student on the Select Student page.

**NOTE:** The status will always reflect the last status that occurred. If a certification is started (status 2), but subsequently cancelled or deleted, the status will remain at 2 until another event occurs to change the status.

STEP 2: INITIAL SET UP – Entering Term Dates.
(1) Click on “Add”. (2) Complete the Edit Term section. (3) Click on SAVE
(See additional information on the following page to help you understand how to complete this section.)
**Additional Information to complete New Terms**

**Term Name** – (e.g. FALL 2010, SUM 10) Enter an abbreviation for the term. This abbreviation cannot be duplicated for another term. This is not a required field, but may make it easier for you.

**Order Number** – Changes the order of how the terms are displayed. You can designate which terms appear at the top of the drop down by the order number. Order number 1 would place that term on top of your list of terms.

**Beginning Date, End Date** – Enter the dates published in the school catalog.

**Term Type** – Select Semester, Quarter, or Clock as appropriate.

**Drop Date** – Enter the date as published in the school catalog. It will enable edits in VA-ONCE that will not allow you to enter the reason “during drop period”, if it is after this date.

**Break Days** – Enter the number of days of the break during the term; must be 7 days or more. Add a remark on the enrollment certification letting the VA know the dates of the break (e.g. Holiday Break: 12/21/2010 – 01/05/2011)

**Deactivated** – Check the box if you do not want this term to appear in your drop down list, but wish to keep the term in your archive for future use. Click on the box and then click on DEACTIVATE located on the top of the screen. You can also re-activate the term by clicking on the term name and then clicking on the “checked” Deactivate Box to uncheck it.

To delete a term from the list of terms, you can check the box associated with the term you wish to delete and then click on DELETE located on the top of the screen.
Entering Programs
STEP 1: INITIAL SET UP – Entering Programs.

It is very important that you enter all approved programs (shown in the WEAMS document provided by your ELR) prior to entering your students, as the programs you enter will appear in the Student Bio page drop-down menu.

(1) Click on the “Admin” button.
(2) Click on the “Maintenance” drop down.
(3) Select “Standard Programs”.
STEP 2: INITIAL SET UP – Entering Programs.

(1) Click “Add”. (2) In the Edit Program section, enter the Program Abbreviation, Program Name, VA Objective Code and VA Course Code accordingly. (3) Click “Save”. Repeat to add more programs. (See additional information on the following pages to help you understand how to complete this section.)
Additional Information to complete Entering Programs

Program Abbreviation – Enter an abbreviation for the approved program. This abbreviation cannot be duplicated for another program. For example, if you enter “SOC” for BS-Sociology, you cannot use “SOC” for BA-Sociology.

Program Name - Enter the program name. You may type of degree followed by the program of study (e.g. BS-Sociology), or the program of study followed by the degree (e.g. Sociology-BS). If there is more than one type of degree for the program, list each type separately (e.g. BA-Sociology; BS-Sociology; MS-Sociology).

OBJECTIVE CODES AND COURSE CODES ARE LISTED ON PAGES 37 - 42
Adding VA Objective Codes and Course Codes for IHL programs
- If you are adding Objective/Course code(s) to program(s) that were input before the code requirement, select the program name by highlighting it. This will enable the Edit Program area. You can now input the Objective/Course code from the corresponding drop down list. Select Save when complete.
- If you are adding new program(s), you will have to enter all of the required data, to include the Objective and Course codes. Select Save when complete.
VA Objective/Course Codes cont.

Adding VA Objective Codes and Course Codes for NCD programs

Follow the directions above. However, you do not need to select the VA Objective Code. Select the appropriate VA Course Code from the drop down list. The VA Objective Code will automatically populate with the same code. The VA Objective code field will be disabled.
VA Objective/Course Codes cont.

On the drop down list, all Course codes are preceded by the type of training.
• IHL – for programs at an Institution of Higher Learning;
• NCD – for programs at Non-College Degree schools;
• NAI – for Non-college degree programs at Institutions of Higher Learning; and
• FLI – for Flight programs

IHL programs are listed first, but you can jump to different portions of the list by typing in “N” (NCD) or “F” (Flight).

N.E.C. stands for Not Elsewhere Classified. If a VA Objective or Course Code does not seem to apply to your program, please use one of the general codes which contain “N.E.C.”.
Additional Information to Complete Entering Programs

Order Number – You can designate in which order programs are listed by giving the program an order number. Order number 1 would place the program first in the list of programs shown.

Note – You can also alphabetize the programs in your list by either the Program Name or Program Abbreviation. These options are at the top of the page and will reorder the programs accordingly.

Deactivated – Check the box if you want this term not to appear in your list, but wish to keep the term in your archive for future use. Click on the box and then click on DEACTIVATE located on the top of the screen. You can also un-deactivate by clicking on the name of the program and then clicking on the “checked” Deactivate Box.

To delete a term from the list of terms, you can check the box associated with the term you wish to delete and then click on DELETE located on the top of the screen.

Additional Information on Changing Programs

Special characters that are not allowed are removed when you are first entering programs, but if you are changing the name of a program, they are not. Please DO NOT use slashes (forward “/” or backward “\”) when changing the name of the program, as it can cause errors with the Standard Programs page.

User Defined Fields

The user defined fields are 3 text boxes and a check box on the Student Bio page. They are there for your use only, and are not transmitted to VA. You can use these fields to track anything you would like. Some schools use these to keep track of things such as the student's counselor, branch of service, tuition deferments, Chapter 33 percentage rates, Fry Scholarships, tuition assistance, or other information important to your school.

(1) Click on the “Admin” button.
(2) Click on the “Maintenance” menu.
(3) Select “User Defined Fields”.

(1) Click on the User Defined Field Name (the name containing One, Two, Three, or Box) to highlight it.
(2) Type in the name to be displayed in the User Defined Field Label field.
(3) Click “Save”.

The Bio screen will show the new user defined field label. You can display up to 3 user defined text boxes and one check box. If you do NOT want to display the field, uncheck the “Display” Box.
VA-ONCE

Select Student
STEP 1: INITIAL SET UP – Select Student – School Detail
The Select Student screen has two menus: “Student” and “School Detail”. We will cover SCHOOL DETAIL first. (1) Click on School Detail. The Select School screen will appear.
STEP 2: INITIAL SET UP – School Details.
The SCHOOL DETAIL action allows your Education Liaison Representative (ELR) to input information about you and your school. You will have read only access to most data on the screen. If any is incorrect, contact your ELR. To access, double click on the school name or (1) Click on “School”. (2) Select “Access”. The School Data screen will appear.
STEP 3: INITIAL SET UP – School Details – School Data – Automated Emails

To establish an automated email to the student each time a certification is submitted:
(1) Place a check in the “E-mail Confirmation” box by clicking the box.
(2) Click “Save” after checking or unchecking the box. An email will be sent to the student email address (or addresses) on the Student Bio page.
STEP 4: INITIAL SET UP – School Details – School Data – Charges per Hour
You also have the option of entering rates in the Undergraduate per hour charges field and the Graduate per hour charges field. By entering the per hour charge, the tuition and fees will be automatically calculated based upon the number of hours you enter on a certification. For example, if you enter $100 per hour here and enter 12 hours on the enrollment certification, the Tuition and Fees field will be populated with $1200.00. You will be able to change this, if needed.
STEP 1: INITIAL SET UP – Student – Adding students

(1) Click on the Student menu at the top of the screen.
(2) Select “Add”. An Add a Student Box appears.
STEP 2: INITIAL SET UP – Students - Adding students

(1) Enter the Last Name, select the appropriate facility code from the drop down, enter the Student SSN and enter the Student SSN again in the Confirm Student SSN field. **Be very careful to enter the correct SSN for the student.**

(2) Click OK when finished.
- If the student exists at another school, a message appears (see page 53).
- If the student already exists at your school, a different message appears (see page 54).
- If the student is being added to VA-ONCE for the first time, you will be taken to the Bio page.
STEP 3: INITIAL SET UP – Add a Student – Student Exists at another school

If you receive this message, the student has been certified in the past by another school. When you add the student, you will be able to see, but not modify, those past certifications.

Click OK to continue, or Cancel if this is not the correct student.

NOTE: If another student’s name appears, and you are positive you have entered the correct SSN, click Cancel and contact your ELR. Do not click OK.
STEP 3: INITIAL SET UP – Add a Student – Student Exists at Your School

If you receive this message, the student is at your school. The Student Status column will have an A (Active), D (Deleted), or I (Inactive). If Deleted or Inactive, click cancel to go back to select student page. Then, on the select student page, use the Status filter for Deleted or Inactive. This will bring up a list of students in that status and you can undelete or reactivate the student. (See Page 115 – 119 for instructions.)
STEP 4: INITIAL SET UP – Adding Students
Enter the required information for the student on the Bio Data page. Required fields are designated by an asterisk. Once you have entered the information, click “Save”.

(See additional information on the following page to help you understand how to complete this section.)
Additional Information to complete the BIO DATA page

- **The File Number is usually the students’ SSN** with the exception of Dependent's Educational Assistance, chapter 35. For chapter 35, this is the dependent's spouse or parent's Social Security Number or 8 digit claim number. The dependents VA File number will be on all award documents sent to the claimant. Don't confuse Ch 35 (dependents) with Ch 33 Transferee dependents. **VA uses the Ch 33 transferee (the student) SSN as the file number.** For chapter 31 students, the file number may be 8 digits. Be sure you input the correct VA File number for chapter 31 students or the certification will not be received by the VR&E counselor.

- **Fry Scholarship recipients:** Select Ch 33 as the chapter for this type of beneficiary (not eligible for yellow ribbon) Use the student's SSN as the file number.

- The Payee Number for Ch 35 may not be known. If not known, add “XX”.

- Make sure that the Training Type you choose from the drop down menu reflects the actual type of program the Student is taking (IHL, NCD).

- Use “Guest Student” if your school is not the primary institution. (Make sure you have a parent letter on file if you are the guest school). Enter the name of the parent school and the State in order for it to be routed to the correct Regional Processing Office.

- **VRAP:** This benefit ended on March 31, 2014. The selection was removed from VA-ONCE. If you need to make a change to a certification that was sent as VRAP claim, you will need to change the benefit type on the Bio page to 32.

General rules for reporting tuition

Tuition & Fees: Schools should report the net-charge for tuition and fees.

What should be deducted from the Tuition amount reported to VA?

Any waiver, scholarship, aid, or assistance [other than loans and funds provided under section 401(b) of the Higher Education Act of 1965] provided directly to the institution and specifically designated for the sole purpose of defraying tuition and fees.

Only in-state charges should be reported in the Tuition and Fees field.

Any additional out-of-state net charges should be reported in the Out of State Charges field.

What should NOT be deducted from the Tuition amount reported to VA?

Title IV Funds

Waiver, scholarship, aid, or assistance that is not designated for the sole purpose of reducing a student’s tuition and fee cost.

General Rules for reporting fees

**Fees:** The mandatory charges (other than tuition, room, and board) applied by the school for pursuit of an approved program of education. Fees include, but are not limited to:

- health premiums
- freshman fees
- graduation fees
- lab fees
- Tool Kits, Uniforms fees (if listed on the student invoice)

Fees do not include those charged for a study abroad course(s) unless the course(s) is a mandatory requirement for completion of the approved program of education.

**NOTE:** VA will not pay a mandatory *third party* charge. Third party charges are charges not originating at your institution. For example, if a student requires a toolbox for an approved program, in order to report the fee, the student must buy the toolbox from your institution. You could not report the fee charged the student if the student bought the toolbox from any source other then your institution.

*If you are unsure, check with your Education Liaison Representative (ELR).*

Helpful tips for Deleting and Deactivating Students:

1. Students that were added in error or for which you have never submitted a certification, should be deleted.

2. Deleting a student performs like the recycle bin on your computer. The student will stay in the deleted status. Periodically, usually during a version update, all deleted students that have not had a certification submitted will be deleted entirely.

3. Students that have had certifications submitted will be left in deleted status for historical purposes.

4. Students that are no longer attending your school, or that are on a temporary leave of absence, should be inactivated.

5. Students can not be moved directly from deleted to inactive or inactive to deleted. The student must be moved from Active to either deleted or inactive.
Changing a Social Security Number
Correcting a Social Security Number
(1) Highlight the student whose SSN needs to be changed.
(2) On the Student menu select “Change SSN”.
(3) A pop-up will appear with the Current SSN and a field for the new SSN. Enter the correct SSN in the New SSN field.
(4) Click “OK”. The SSN will be changed. Be sure to change the file number, if appropriate.
Social Security Number Exists

In some instances, the Social Security Number exists elsewhere in the system. You will not be able to change the SSN, and will receive a message that the SSN must be unique.

If this occurs, add the student using the correct SSN. Deactivate the incorrect SSN.

You will not be able to see any of the certifications submitted under the incorrect SSN unless you view the deactivated student. If you need the records merged, contact your ELR. **NOTE:** The process of merging the records can take a lengthy amount of time. Only contact the ELR if you need to see the past certifications under the correct SSN.
