

VALERI Special Announcement

May 15, 2019

The Department of Veterans Affairs (VA) is on target to implement the new VA Loan Electronic Reporting Interface (VALERI) application on Tuesday, May 28, 2019. The new application will require all manually reported events to be submitted using an updated bulk upload template. There will be two template types – one for general events and one for claim submissions:

- VALERI_Events_bulk_upload_template_v19.0_28May2019
- VALERI_Claims_bulk_upload_template_v19.0_28May2019

These templates will be available for download on the VALERI Internet Webpage https://www.benefits.va.gov/HOMELOANS/servicers_valeri_guides.asp .

Thank you for your cooperation and patience during this important transition period.

Questions should be directed to the VALERI Helpdesk at valerihelpdesk.vbaco@va.gov .
