VA Appeals Modernization

On August 23, 2017, the President signed the Veterans Appeals Improvement and Modernization Act of 2017 (Appeals Modernization Act) into law, creating a new decision review process that allows VA to improve the delivery of benefits and services to Veterans and their families. The new process gives Veterans' choice and control, and all communication are written in plain language.

The new Appeals Modernization process allows Veterans to seek faster resolution of their disagreement with a VA decision.

Department of Veterans Affairs

The Veterans Appeals Improvement and Modernization Act took effect on February 19, 2019. It creates a new, streamlined decision review process, which features three lanes:

Supplemental Claim Lane (VA Form 20-0995):

An opportunity to submit additional evidence. Adjudicated within **125-days on average**.

Higher-Level Review Lane (VA Form 20-0996):

An entirely new review of the claim by an experienced adjudicator. Adjudicated within **125-days on average**.

Appeal Lane (VA Form 10182):

Review by the Board of Veterans' Appeals. Adjudicated in **more than 125-days on average**.

For more information on the decision review process and how to file, visit <https://www.va.gov/decision-reviews/>

Which Review Lane is Right For You?

Supplemental Claim Lane (decisions within 125 days on average)

- Select this option if you have additional evidence that is new and relevant to support your benefit claim.
- VA will assist you in gathering new and relevant evidence to support your claim.
- VA's review will include any new and relevant evidence submitted since we last decided your claim.

Higher-Level Review Lane (decisions within 125 days on average)

- A higher-level review consists of an entirely new review of your claim by a more experienced claims adjudicator.
- Select this option if you have no additional evidence to submit in support of your claim, but you believe that there was an error in the initial decision.
- VA cannot assist you in gathering new evidence, but if the higher-level reviewer discovers an error in VA's duty to assist in the prior decision your claim will return to decision makers to correct the error.
- You or your representative can request an optional, one-time, informal telephone conference with the higher-level reviewer to identify specific errors in the case, although this may cause a delay in the processing of your higher-level review.

Appeal to the Board Lane

- If you choose the Board, select one of the three following options:
 - Direct Review**
You do not want to submit additional evidence or have a hearing.
 - Evidence Submission**
You choose to submit additional evidence without a hearing. You will have 90 days from your Notice of Disagreement (NOD) to submit any additional evidence.
 - Hearing**
You choose to submit additional evidence and have a hearing with a Veterans Law Judge. You will be scheduled for a Board hearing and may submit evidence at the hearing or within the 90 day window following the scheduled hearing.

What If You Still Disagree with a Decision?

If you disagree with a decision from the Supplemental Claim Lane, you may choose to resubmit the claim as another supplemental claim with new evidence, as a higher-level review or as an appeal to the Board of Veterans' Appeals.

If you disagree with a decision from the Higher-Level Review Lane, you may choose to resubmit the claim as a supplemental claim or as an appeal to the Board of Veterans' Appeals.

If you disagree with a Board decision you may either resubmit as a supplemental claim or through an appeal to the U.S. Court of Appeals for Veterans Claims.

VA Burial and Plot Internment Allowance

Department of Veterans Affairs

What are VA Burial Allowances?

VA burial allowances are flat-rate monetary benefits. They help cover eligible Veterans' burial and funeral costs. Generally, they are paid at the maximum amount allowed by law.

Eligible surviving spouses are paid automatically. This happens upon notification of the Veteran's death. There is no need to submit a claim.

However, VA may grant additional benefits after receiving a claim. These include plot or interment allowance and transportation allowance.

Who Qualifies For Burial Allowances Continued?

If the surviving spouse has not been automatically paid, VA will pay whoever files a claim first of the following:

- The Veteran's surviving spouse; **OR**
- The survivor of a legal union with the deceased Veteran*; **OR**
- The Veteran's children, regardless of age; **OR**
- The Veteran's parents or parent; **OR**
- The executor or administrator of the estate of the deceased Veteran

*Legal union means a formal relationship that continued up until the Veteran's death. The couple needs to have formalized the relationship under the law of the state. There should be state-issued documentation of the relationship.
