How VA Supports You

VA 101

You made sacrifices to keep our country—and everything it represents—safe from threats.

This sacrifice is at the very core of our mission to fulfill President Abraham Lincoln’s promise, “to care for him who shall have borne the battle, and for his widow, and his orphan,” by serving and honoring the men and women who are America’s Veterans. VA has three administrations (Figure 1) that work together to support this mission.

Find VA Benefits Tool

The Find VA benefits tool (Figure 3) can help you quickly learn which benefits you may be eligible for and how to apply.

When you initially sign in and every time you go to MyVA page, a pop-up window will prompt you to select the Find VA benefits now button. When you click the button, the Find VA benefits screen displays. Here, you can select the types of benefits you are interested in, save your preferences, and explore or apply for benefits.

Figure 3: Find VA Benefits

Resources

eBENEFITS

eBenefits is a joint DoD–VA web portal where you can research, access, and manage your VA benefits.

eBenefits provides resources, self-service capabilities, and a list of links to other sites that offer information about military and Veteran benefits.

The site uses secure credentials to allow access to your personal information, so you can use self-service tools for key tasks like:

- Access official military personnel documents
- View the status of your disability compensation claim
- Update direct deposit information for certain benefits
- Apply for Veterans’ Group Life Insurance (VGLI)
- Explore education benefits

You can access eBenefits with your CAC or a DS Logon.

To register for an eBenefits account online, select the Register button to access the eBenefits DS Logon Account Registration Wizard. To complete the registration process, you must be listed in DEERS. If you are already registered in DEERS, you are eligible for a DS Logon, which you can create in the system. Once you have a DS Logon, it’s valid for the rest of your life.

If you attempt to register as a Veteran and the system says you have no DEERS record, VA will first need to verify your military service and add you to DEERS. All VA regional offices have staff familiar with procedures for adding a Veteran to DEERS.

eBenefits Levels of Access

There are two types of eBenefits accounts:

- A basic account lets you customize the site and access information you enter into eBenefits but will not allow access to your personal information in VA or DoD systems.

- A premium account gives you the highest level of access to all eBenefits features.

TIP

- To get an eBenefits premium access account, follow the steps in the Registration Wizard to verify your identity.
- If you forgot your DS Logon or have other issues logging in, both VA.gov and eBenefits provide links to reset your password or get help with other issues. Follow the links at the sign-in screen for each page.
Introduction

Activity Worksheet: Explore eBenefits

Access the eBenefits site (Figure 5) on your computer or mobile device at www.ebenefits.va.gov.

Refer to Table 3 for guidance on what you can do in eBenefits. Be aware that on your screen, you may notice a [P] next to some of the topics. This means they require a Premium Access Account.

Proof of Military Service

SEPARATION DOCUMENTS

Your key to most VA benefits and services is DD Form 214—Certificate of Release or Discharge from Active Duty.

This form is often referred to as DD 214 (Figure 6). It is proof of your military service and shows:

- The character of your discharge
- Your record of service
- Your current classification code

How can I request a copy of my DD Form 214?

2. Select Military Personnel File under the Manage Benefits section.

REMEMBER…

- Keep your DD Form 214 in a safe and accessible location.
- Make sure that your next of kin or designated representatives know how to access it.

Figure 6: Sample DD Form 214
Proof of Military Service
SEPARATION DOCUMENTS (continued)

Why is it important to validate my information?
Before you leave active duty, validate all information on your form, including important information outlined in Table 4. If this information is wrong, it can affect your access to benefits. It may be difficult to make changes after separation.

Table 4: DD Form 214 Key Information

What happens if my information is incorrect?
- **While in service**: See your Military Personnel Organization to change any incorrect information on the form.

**TIP**
Keep your Leave and Earnings Statement information, SGLI election certification, and other financial documents when you separate. You may not be able to access them once you leave service.
Eligibility Documents for Members of the Reserve Components

Army or Air National Guard members are issued one of the following forms upon separation as proof of service:

- NGB Form 22, Report of Separation and Record of Service (Refer to Figure 7).
- NGB Form 23, Retirement Points Accounting (Refer to Figure 8).

These service members should check items listed in Table 5 for accuracy.

Table 5: NGB Form 22 and Form 23 Key Information

**KEEP IN MIND…**

The reserve components do not use any single form similar to DD Form 214.

**OTHER INFORMATION**

- The Air Force Reserve provides a letter on active-duty service from the Air Reserve Personnel Center (ARPC) that VA regional offices accept in lieu of DD Form 214.
- If you were discharged from the Selected Reserve, you may submit a copy of your latest annual points statement and evidence of honorable service.
- If you still serve in the Selected Reserve or the National Guard, you must include an original statement of service signed by your commander showing the length of time that you have been a member of the Selected Reserve.
Figure 7: Sample NGB Form 22
This summary is a statement of your points earned towards retirement. You should review all entries and report any discrepancies to your unit clerk. Particular attention should be given to any period of service with a verification status (VS) of "B" because points are not credited until verified.

Proof of Military Service

CHARACTER OF DISCHARGE

Character of discharge is one of the most important items on your DD Form 214.

Generally, to receive VA benefits and services, your character of discharge or service needs to be one of the following:

- Honorable
- Under honorable conditions
- General

Individuals receiving undesirable, bad conduct, or other types of dishonorable discharges may still qualify for VA benefits and services depending on VA’s determination.

You should apply no matter what and let VA determine your eligibility. Most importantly, know that we are here to help with your questions and connect you with VA resources you need.

You can apply for a discharge upgrade at VA.gov by answering a series of questions.

Refer to www.va.gov/discharge-upgrade-instructions where you will get customized, step-by-step instructions on how to apply for a discharge upgrade or correction. If your discharge is upgraded, you’ll be eligible for VA benefits you earned during your period of service.
Proof of Military Service

IDENTIFICATION CARDS

After separation, there may be times when you need to provide proof of your military service to show you are eligible for benefits or programs in your community.

While you can use your DD 214 as proof of service, it may not be convenient to carry it around with you.

Wouldn’t it be easier to carry an identification (ID) card for the simple things, like discounts at stores and restaurants?

There are different types of ID cards you can use as proof of your military service. You only need to have one of them handy to prove your Veteran status. See the options for you in Table 6.

</tr>
<tr>
<td>Veteran ID Card (VIC)</td>
<td>A VIC is a form of photo ID available to all Veterans, even if you are not enrolled in VA health care. To be eligible, you need to have: • Served on active duty or in the reserve components, AND • Received an honorable or general discharge (under honorable conditions) If eligible, you can apply online.</td>
</tr>
<tr>
<td>Veteran Designation on a State-Issued Driver’s License or ID</td>
<td>At this time, all 50 states and Puerto Rico offer a Veteran designation (an identifying mark) printed on state-issued driver’s licenses or IDs. The type of Veteran designation may vary from state to state. Most states ask you to provide a copy of your discharge papers (DD 214 or other separation documents). Some states may require additional documents. Check with your state’s Department of Motor Vehicles.</td>
</tr>
</tbody>
</table>

Table 6: Identification Cards as Proof of Service

How can I get a Veteran ID card?

1. Go to www.va.gov. Be sure you are logged in to the site.
2. Select the Get Veteran ID cards link in the Records section.
3. Under the Types of Veteran ID Cards, select the + button to expand the How do I apply for a Veteran ID Card? section.
4. Select the Learn more about how to apply for a VIC link.
5. Follow the prompts to apply.

Keep in Mind…

- In some cases, you can provide your DD Form 214 as proof of service.
- You can also access and print a Veterans Identification Proof of Service letter at eBenefits.
- Various ID cards may be available depending on your situation.
- You cannot use these forms of ID to claim Veterans’ Preference in federal hiring; you may need to print a VBA Veterans’ Preference letter at eBenefits.
Qualifying Service in the Reserve Components

The Active Guard Reserve (AGR) Program supports and enhances mobilization readiness of the reserve components. AGR includes both National Guard (Title 32) and Reserve (Title 10) members who serve full time.

Members of the reserve components may establish eligibility for certain VA benefits by performing full-time duty under either Title 32 or Title 10. Generally, all members of the reserve components discharged or released under conditions that are not dishonorable are eligible for some VA benefits. The length of your service, service commitment, and your duty status may determine your eligibility for specific benefits.

Refer to Table 7 for information on service types of the reserve components.

You may establish eligibility for additional benefits based on the length of reserve component or active service.</td>

Navigating Your Journey
Introduction

Upon completion of Module 1, you will be able to:

- Identify key focus areas of your transition journey.
- Identify and prioritize what is important to you.

You’re getting ready to transition and you have decisions to make.

No two transitions are the same. You have different circumstances surrounding your family, your health, your employment, and more. One thing you all have in common is that you are transitioning back to civilian life.

VA can help ease your transition by supporting you and your loved ones. This course will help you identify the key focus areas of your transition journey and prioritize what is important to you.

Your Transition Journey

Figure 9 represents your transition journey. It covers some of the major themes in your life and your transition. Using the steps in the journey, you can start to understand the benefits and tools that can help you through these common areas of transition.

Your Transition Journey

ESTABLISHING PERSONAL GOALS AND PRIORITIES

As you begin your transition journey (Figure 11), a good place to start is to ask yourself:

What do I want to do and what do I want my quality of life to be like?

No matter where you are on your transition journey, VA is here for you.

Your individual goals and priorities determine how you might use VA benefits, services, and tools. Not all benefits apply to you, and you may choose not to take advantage of every benefit that is available. You need to have enough information to make informed decisions about what is best for you.

To make these decisions, you'll need to establish and prioritize your personal goals.

- How do you measure your “quality of life?” What does “quality of life” mean to you?
- Don’t plan just for today, but for tomorrow as well.
- If you don’t have a family now, do you see having a family in the future? This could change your plans and priorities for benefits you need.
- Establish a source of health care prior to leaving the military, even if you don’t plan to use it right away or think you may only need primary care or basic services. This is key for all new Veterans, regardless of their disability status or current health care needs.
Activity Worksheet: Your Personal Checklist

Throughout this course, you’ll build a customized checklist of how you can take advantage of VA benefits, services, and tools that can help you build the kind of life you want.

We’ve given you a basic list to start with in Appendix B. It contains actions you need to take related to every benefit discussed in this course.

You can personalize this list. Cross out the things that don’t apply to you or use blank spaces to add more items. After class, this becomes your to-do list and you can check off items as you complete them.

Be sure to note the deadlines and important time frames to complete each action. You will revisit this checklist at the end of each module during the course.

Start now by looking at the General Items section (Section 1) of the checklist.

Can I use this checklist after this course?

Absolutely! Here are some of the things you can do:

- Take time to think through the checklist and make changes, as appropriate.
- Discuss it in one-on-one sessions with your Benefits Advisor.
- Discuss with your family members, if applicable.
- Check the boxes when you complete each item.

Supporting Yourself and Your Family
Introduction

Upon completion of Module 2, you will be able to:

- Describe VA disability compensation and how to apply.
- Identify benefits available to support your loved ones.

You are preparing to leave the military and enter the civilian world. You are probably still figuring out how this change will affect you and how you can best use the skills you obtained during service to address any opportunities or challenges in civilian life.

At this stage of your journey (Figure 12), the first thing you may be asking yourself is:

**How am I going to support myself and my family?**

**IN THIS MODULE...**

**Monetary Benefits:**
- Disability Compensation
- Dual Compensation Programs

**Support for Your Loved Ones:**
- Life Insurance Benefits
- Burial and Memorial Benefits
- Fry Scholarship
- Survivors’ and Dependents’ Educational Assistance

What Are Your Needs?

BENEFITS FOR YOU AND YOUR LOVED ONES

VA has benefits, services, and tools to help meet your family’s needs.

“Family” means different things to different people. Think about who you plan to support and what your personal goals are for transition and beyond. Your plans are unique to your situation.

Through your service to our country, you may be eligible for:

Monetary and support benefits to help you, including:
- Disability compensation
- Related disability benefits
- Dual compensation benefits

Benefits to support your loved ones, including:
- Life insurance
- Burial and memorial benefits
- Education and monetary benefits for dependents and survivors

Who are you planning to support?
- Yourself
- Your spouse, domestic partner, or significant other
- Your child(ren) or dependents
- Your parent(s)
- Extended family member(s)
Service-Connected Disabilities

ESTABLISHING SERVICE CONNECTION

If you are injured or ill because of your service, you may be eligible for monetary and support benefits.

VA may determine that you are disabled by an injury or illness that happened because of or was worsened by your active military service. These disabilities are considered service connected.

- If VA determines you have a service-connected disability, you might be eligible for monthly disability compensation.
- In some situations, you might also be eligible for special allowances for clothing or automobiles.
- VA housing grants may be able to help you adapt a home to meet your needs.
- VA even has life insurance programs for those with service-connected disabilities.

How does VA determine if I have a service-connected disability?

To award a VA disability rating for service connection, the evidence submitted with your claim must show:

- A current physical or mental disability
- An injury or disease incurred in service or an event in service that caused or aggravated an injury or disease
- A link between your current disability and the event, injury, or disease in military service

TIP

Acute conditions that come and go and leave no lasting effects—such as colds or mild injuries that heal completely—do not qualify as service-connected disabilities.

Based on the evidence provided, VA rates your service-connected disability from 0% to 100%, in 10% increments.

A VA disability rating, even at 0%, can unlock many benefits and services for you.

You may be entitled to compensation, free health care, and more, even with a VA disability rating of 0%.

DISABILITY COMPENSATION

What is disability compensation?

Disability compensation is tax-free and paid to Veterans with service-connected disabilities rated at 10% or higher.

Compensation is paid monthly; the amount varies with your degree of disability.

If you have a combined evaluation of 30% or more, you may be eligible for an additional allowance for your dependents.

To be eligible for disability compensation, you must:

- Have served in the uniformed services on active duty, active duty for training, or inactive duty training, AND
- Be discharged under other than dishonorable conditions, AND
- Be at least 10% disabled by an injury or disease that was incurred in or aggravated during active duty, active duty for training, or inactive duty for training

As it relates to members of the reserve components:

- Eligibility for disability compensation requires that a disability result from an injury or disease incurred or aggravated in the line of duty during active duty or active duty for training.
- For inactive duty training, the disability must result from injury, heart attack, or stroke. Other benefit programs require a specified number of days of active service.

FILING DISABILITY CLAIMS

Applying for a disability rating is called “filing a claim.”

The following people can file a disability claim:

- Veterans
- Service members preparing to separate from the military
- Survivors or family members seeking benefits owed to a Veteran on a pending claim
- Veterans Service Organizations (VSOs) on behalf of Veterans or service members

When can I apply for disability compensation?

There is no time limit to file a claim. You can file a disability claim as early as 180 days before you separate.

VA encourages you to apply within one year from your date of separation, which determines the effective date of your claim. Review Table 8 for more information.

<table>

<tr>

</tr>
</tbody>
</table>

Table 8: Disability Claim Effective Dates

How does VA process my claim?

There is an eight-step process that your claim will go through.

The timeline associated with the process depends on the complexity of your claim and evidence needed to support it. To help minimize processing time, submit as much evidence as possible with your claim.
How can I expedite my claim?

Depending on when you apply, you may be able to use different programs to expedite the processing of your claim (Table 9). Review the timeline in Figure 13 regarding filing timelines and claim effective dates.

**TIP**

Remember: you have a network to help you file your claim, including VA regional office staff and VSO representatives.

---

**Benefits Delivery at Discharge**

180 to 90 days before separation

The Benefits Delivery at Discharge (BDD) program accepts disability claims before separation. This allows VA to administer the necessary health exam and gather evidence in time to provide an expedited decision as early as the day after your discharge. You’ll need to:

- Submit your BDD claims between 180 and 90 days before separation and complete the required medical exam at your last duty station.
- Include copies of your service treatment records for your current period of service.

**Note:** This program is not available in foreign countries, except at Landstuhl, Germany and Camp Humphreys, Korea.

---

**Fully Developed Claims**

From 90 days before separation

You can also get a faster decision by submitting a Fully Developed Claim (FDC). You’ll need to:

- Include all the evidence you have in your possession or that you can easily get.
- Confirm that there are no more records VA needs to make a claim decision.
- Go to a VA medical exam, if required.

---

**Traditional Claim**

Any time after separation

If your claim is not eligible for either of the above programs, VA will process it as a traditional claim, following the eight-step process outlined on the previous page. Traditional claims are not given priority processing.

SEPARATION HEALTH EXAM

Do I need a physical exam?

DoD requires every service member to have a physical before separation, typically the Separation History and Physical Exam (SHPE).

If you’re applying for disability compensation, you must undergo a specific type of exam, VA’s Separation Health Assessment (SHA).

Review Table 10 for more information.

Integrated Disability Evaluation System (IDES)

Active-duty service members who stay in service despite their injury can obtain a VA disability rating through IDES without filing a claim.

DoD and VA use IDES to determine a service member’s fitness for duty. If DoD finds the service member medically unfit for duty, IDES gives them a proposed VA disability rating before they leave the service. The proposed rating informs the service member of their approximate amount of VA compensation and benefits.

Where can I learn more?

TIP

Apply for disability compensation between 90-180 days prior to separation under the BDD program.

Applying early allows you to schedule a VA SHA before your discharge, which will also satisfy DoD’s requirement for a separation physical.

DISABILITY COMPENSATION AND RETIRED PAY/SEPARATION PAY

Dual compensation refers to situations where you may be receiving two types of pay. For example, you may be eligible to receive:
- Both disability compensation and retired pay, OR
- Both disability compensation and separation pay

Can I get VA disability compensation in addition to my retired pay?

Your VA disability compensation may be offset if you receive retirement pay, disability severance pay, or separation incentive pay, unless you waive a portion of your pay.

Congress created two programs to recover some or all retired pay that military retirees must waive if they receive VA disability compensation (Table 11).

Table 11: Dual Compensation Programs

Why is my compensation offset?

In general, you can’t receive both VA disability compensation and military retired pay unless you waive the amount of retired pay equal to the amount of disability compensation.

Most retirees opt to do this because VA disability compensation is tax-free income, but military retired pay is taxed by the federal government and by most states.

Separation Pay

If you received an early separation package and would like to receive disability compensation, the law requires you to repay the early separation package. This repayment is usually done through a withholding of all or a portion of any VA disability compensation benefits. VA’s recoupment rates are based on information provided by your specific branch of service. For more information, refer to: VA.gov or ask your Benefits Advisor.
Life Insurance Benefits

OVERVIEW

We care about the legacy you leave behind for your loved ones.

Although it may seem far off, it’s important to think about how you will prepare for your family’s financial well-being after you’re gone.

Financial concerns and logistics can be hard for your loved ones to handle while grieving.

VA life insurance is one way to provide peace of mind for your family.

Life insurance can offer financial security and support to you, your spouse, and your dependents. VA life insurance programs offer some advantages over traditional life insurance policies. For example:

- **VA has life insurance programs that don’t require you to prove good health.** This is especially important if you have service-related conditions that might affect your eligibility for a private life insurance plan.

- **You can take your VA life insurance with you wherever you work or live.** You don’t lose coverage when you change jobs or move to a new state.

- **VA even has life insurance programs for those with service-connected disabilities or who experienced traumatic injuries during their service.** These individuals might otherwise be uninsurable under a traditional plan.

OVERVIEW (continued)

VA offers several types of life insurance benefits for your specific situation. Consider your options early—there are strict deadlines you don’t want to miss. You can find information about all types of VA life insurance programs using the interactive Overview of VA Insurance Benefits at www.va.gov/life-insurance/. You can also use the insurance needs calculator by visiting www.benefits.va.gov/INSURANCE/introCalc.asp.

SGLI is the benefit that provided your life insurance while you were in the military.

Some service members may also have FSGLI coverage for their spouses and dependents.

Coverage under both SGLI and FSGLI will end 120 days after you separate or retire from service. You can convert your SGLI and FSGLI to permanent plans without providing proof of good health; you can also convert your SGLI coverage to the Veterans’ Group Life Insurance (VGLI).

Review Figure 14 for more details on key timelines for converting your coverage.

You can convert your SGLI and FSGLI coverage within the required deadlines with no break in coverage.

- You must convert SGLI coverage to VGLI or a participating private plan.
- You must convert FSGLI to a participating private plan. VGLI coverage is not available to spouses or dependents.

This is a valuable benefit if your spouse has health conditions that may make it difficult to obtain insurance.
- Spouses can also convert to an individual policy within 120 days of a divorce, death, or a termination of coverage.
- Dependent child coverage cannot be converted and is not available after the 120-day free period from separation.

Eligibility as it relates to members of the reserve components:

- You must have full-time SGLI coverage and may elect additional coverage for spouses and dependent children.

MODULE 3
Education and Training Resources

GI BILL® OVERVIEW

Career readiness may involve going back to school or participating in skills training. VA GI Bill benefits can help fund your education dreams.

The GI Bill can help you pay for tuition and fees, books, supplies, and even monthly housing costs. There are three types of GI Bill benefits:

- Post-9/11 GI Bill (or Chapter 33)
- Montgomery GI Bill Active Duty (or Chapter 30)
- Montgomery GI Bill Selected Reserve (or Chapter 1606)

When you use GI Bill benefits, there's no specific path you have to follow. You can choose the classes, programs, certifications, and schools that fit your needs.

Even if you transferred your GI Bill benefits to your family, review this information to learn more about what benefits apply to them.

TIP
Remember that you can revoke the transfer of unused GI Bill benefits (i.e., transfer them back to yourself) at any time.

Where can I learn more?

www.va.gov/education

You can use GI Bill benefits for:
- A four-year degree
- An advanced degree
- Technical training
- On-the-job training
- Vocational school
- Flight training
- Correspondence courses
- Apprenticeships
- Certification training and exams
- Remedial, refresher, and deficiency training in some cases

Check the specific types of training covered by each type of GI Bill at VA.gov.

Transfer of Benefits

You may transfer a portion or all of your Post-9/11 GI Bill education benefits to your spouse or children using the Transfer of Education Benefits website at https://milconnect.dmdc.osd.mil/milconnect/.

POST-9/11 GI BILL

The Post-9/11 GI Bill is an education benefit program for individuals who served on active duty and received an honorable discharge.

Review the features of the Post-9/11 GI Bill in Table 12.

<table>
<thead>
<tr>
<th>Feature</th>
<th>Description</th>

</thead>
<tbody>
<tr>
<td>Tuition and Fees</td>
<td>At in-state schools, VA covers all tuition and fees and pays the school directly. At private or foreign schools, VA only pays tuition and fees up to the national maximum. In other words, payment for tuition and fees is capped at the national maximum rate.</td>
</tr>
<tr>
<td>Monthly Housing Allowance</td>
<td>As long as you’re enrolled greater than half-time, VA pays you a Monthly Housing Allowance (MHA), based on your length of service and the ZIP code where you attend the majority of classes. MHA is not available to you or your spouse while you’re on active duty.</td>
</tr>
<tr>
<td>Books and Supplies Stipend</td>
<td>VA pays an additional stipend for books and supplies directly to you when the school certifies your enrollment.</td>
</tr>
</tbody>
</table>

Table 12: Post-9/11 GI Bill Features

The Choice Act ensures that, in most cases, you won’t have to pay out-of-state tuition even if your permanent address is in another state.

Section 702 of the Choice Act requires public institutions of higher learning to offer in-state tuition and fees to all covered individuals for terms that began after July 1, 2015.

Forever GI Bill

The Harry W. Colmery Veterans Educational Assistance Act of 2017, or Forever GI Bill, brought changes that affect GI Bill recipients past and future.

The bill eliminates the 15-year limitation to use Post-9/11 GI Bill benefits for:

- Veterans who left active duty on or after January 1, 2013, and their spouses
- Children who became eligible for the Fry Scholarship on or after January 1, 2013
- All Fry scholarship-eligible spouses

POST-9/11 GI BILL (continued)

The Yellow Ribbon Program can help you pay for higher out-of-state, private school, or graduate school tuition that the Post-9/11 GI Bill doesn’t cover.

You must be eligible for Post-9/11 GI Bill benefits at the 100% rate to qualify. If you qualify, your school will contribute a certain amount toward your extra tuition and fees through a grant, scholarship, or similar program. VA matches this contribution.

For a list of schools that offer the Yellow Ribbon Program, go to www.va.gov/education/about-gi-bill-benefits/post-9-11/yellow-ribbon-program/.

Other Important Changes in the Forever GI Bill:

- Purple Heart recipients are now entitled to the 100% rate for 36 months of Post-9/11 GI Bill benefits and, therefore, are also eligible for the Yellow Ribbon Program.
- Fry Scholarship and Purple Heart recipients are now eligible for the Yellow Ribbon Program.
- Monthly Housing Allowance is now calculated based on the location where you attend the majority of classes.
- If your school closed, VA may restore benefits and give relief to those affected.

Table 13: Post-9/11 GI Bill Benefits Rates

Effective October 1, 2011, VA pays benefits to qualifying Army and Air National Guard members under Title 32.

Payments may be retroactive for enrollment(s) at an approved educational institution for attendance on or after August 1, 2009. To qualify, you must have:

- Full-time service in the National Guard for the purpose of organizing, administering, recruiting, instructing, or training, OR
- Activation in support of a national emergency under Title 32

If you are affected by these changes and you were previously using the Post-9/11 GI Bill, you will be paid for any additional benefits you would have been eligible for because of a higher benefit level.
The Montgomery GI Bill Active Duty (MGIB-AD) provides up to 36 months of education benefits to Veterans and service members who have at least two years of active duty.

If you use this benefit while on active duty, the benefits rate will be determined annually. VA pays benefits directly to you. The benefit may or may not cover all your tuition and fees.

COMPARING GI BILL BENEFITS

You may be eligible for both the Montgomery and Post-9/11 GI Bill education benefits.

Take note of these important guidelines regarding eligibility for multiple programs:

- You can only get payments from one program at a time.
- You can only get a total of 48 months of benefits under any combination of VA education programs.
  - For a single period of service, you can get up to 36 months of benefits under the Post-9/11 GI Bill or MGIB.
  - Having multiple periods of service may result in eligibility for an additional 12 months. For example, if you qualify for both MGIB-AD and MGIB-SR benefits (based on separate periods of service), you can get 36 months of funding at your MGIB-AD payment rate and then an additional 12 months at your MGIB-SR payment rate, for a total of 48 months.
  - The 48-month limit does not apply if using benefits transferred to a family member.
- When you apply for the GI Bill, you must elect to use either the Post-9/11 GI Bill or MGIB, and you must waive your eligibility for any benefits under the one you don’t choose. This is an “irrevocable election.” This means you cannot change or reverse your choice.

VA WORK-STUDY

If you’re a full-time or three-quarter time student in a college degree, vocational, or professional program, you can “earn while you learn” with a VA work-study allowance.

You might be able to receive a work-study allowance (in addition to your education benefits) for performing certain types of VA-related work while enrolled in a college degree, vocational, or professional program. You must attend at least three-quarter time and your allowance is based on the number of hours of work you perform.

There are specific programs that make you eligible for an allowance. VA will select students for this program based on different factors, such as:

- Your ability to complete the work-study contract before your eligibility for education benefits ends
- Job availability within your normal commuting distance

Note: The number of applicants selected will depend on the availability of VA-related work at your school or at VA facilities in your area. Veterans with service-connected disabilities of at least 30% may be given priority consideration.

How much could I earn?

You will earn an hourly wage equal to the federal minimum wage or your state minimum wage, whichever is greater. If you’re in a work-study job at a college or university, your school may pay you the difference between the amount VA pays and the amount the school normally pays other work-study students doing the same job as you.

ON-THE-JOB TRAINING AND APPRENTICESHIPS

VA can help you learn a trade or skill through VA on-the-job training (OJT) or apprenticeships.

These programs can help advance your job prospects by allowing you to learn a trade or skill through training on the job rather than attending formal classroom instruction.

Both OJT and apprenticeship training programs are available to:

- Veterans
- Spouses and children getting benefits through either the Fry Scholarship or the DEA program
- Children who receive transferred benefits under the Post-9/11 GI Bill

Note: This training is not available to active-duty service members or spouses using a transferred benefit.

How do I get these benefits?

You’ll most likely need to enter into a training contract for a specific period with an employer or union and, at the end of the training period, you gain job certification or journeyman status.

If you want to use your GI Bill benefits to get money for books and supplies, you’ll need to check with your nearest VA regional office to make sure the program is approved for VA education benefits.

Are these opportunities paid?

Employers generally pay a reduced on-the-job and apprenticeship wage (must be at least 50% of journeyman wage).

- Unless the training establishment is operated by a federal, state, or local government, periodic wage increases must be granted and, by the last full month of training, the wage must be at least 85% of the wage for a fully trained employee.
- If you are eligible and participating in an approved program, you may be able to use your GI Bill benefit to receive a tax-free stipend equivalent to the Monthly Housing Allowance (MHA), which is paid in addition to your entry-level wage.

What types of opportunities are available?

There are a wide variety of on-the-job and apprenticeship opportunities available. Some examples include:

- UNION PLUMBER
- HOTEL MANAGEMENT
- FIREFIGHTER

VETERAN EMPLOYMENT THROUGH TECHNOLOGY EDUCATION COURSES

What is the Veteran Employment through Technology Education Courses (VET TEC) program?

VET TEC is a new program that matches you with a leading training provider to help you develop skills in one of five high-demand areas. You can start or advance your career in the high-tech industry with a training program that’ll take months—or just weeks—to complete. VET TEC is a pilot program. You can participate as long as the funding is available.

Under the VET TEC program, you can get training in one of five high-demand areas (Figure 18):

- Information Science
- Computer Programming
- Data Processing
- Computer Software
- Media Application

Figure 18: VET TEC Program Focus Areas

Does this affect my GI Bill eligibility?

VA pays for VET TEC training and provides a MHA under the GI Bill and you must have at least one month of GI Bill eligibility remaining to qualify for VET TEC. However, participating in VET TEC courses does not decrease your months of GI Bill eligibility. Remember, you can only get VA education benefits from one program at a time, so you cannot receive both GI Bill and VET TEC benefits at the same time.

You might be able to receive VR&E (or Chapter 31) services to help with job training, employment accommodations, resume development, and job seeking skills.

- **Rapid Access to Employment Track:** If you want a job that matches your existing skills, you may be able to get employment counseling and support.
- **Self-Employment Track:** If you’re a service member or Veteran with a service-connected disability, we can help you start your own business.

Finding a Place to Live
Introduction

Upon completion of Module 4, you will be able to:

- Identify factors that influence your decision on where to live.
- Identify VA benefits and services that can support your housing needs.
- Identify tools to locate state and local resources.

Some of you may know where you'll live after separation, some don't. Still others are considering whether to rent, build, buy, or something else.

It might seem like a simple question, but at this stage of your journey (Figure 19) it's important to ask yourself:

Where will I live?

IN THIS MODULE…

Comparing Locations:
- Personal Decision Influences
- VA Facility Locators

Discovering Housing Options:
- VA Home Loan Guaranty Program
- Protecting Your Investment
- Homeless Veterans Support

State and Local Benefits:
- Information For Your State
- Military OneSource

- State Veterans Affairs Offices

KEEP IN MIND…

The National Guard website (www.nationalguard.mil) is a great resource that offers helpful information and programs, including National Guard websites for every state. You can visit the website provided and explore the website(s) for your state.

Where you live will impact every aspect of your life—your opportunities for education and employment, your housing budget, your access to health care, and more.

VA offers benefits and services related to housing options and can help you find resources in your local community.

PERSONAL DECISION INFLUENCES

What is the number one, most important factor to consider when you decide where to live?

We all have different priorities and different ideas about what is most important, such as:

- Cost of living
- Housing availability
- Health of the job market
- Schools and training opportunities
- Proximity to family and friends
- Where you grew up
- And more

Your goals are based on your own personal circumstances. You should consider factors that are most important to you personally. For example, you may want to be close to your parents, or maybe you’re planning to relocate near the college where you got accepted.

One factor you may want to consider is whether there are VA facilities in your area.

Consider the following questions:

- What type of work do you want to do?
- Are there available jobs in that industry in the area where you want to live?
- What is the expected income for that type of job in the area?
- What is the average cost of housing in the area?
- Does it fall within your budget based on your estimated income?
- What are your personal goals and how may they impact your decision?

VA FACILITY LOCATORS

It’s important to consider where you’re going to live—whether that’s moving in with your family or buying a home.

Factors you may want to consider include:

• Do you already know where you will live?
• Do you have a home you’re moving back into?
• Are you planning to rent, buy, or build?

Make sure you understand early on how VA benefits and services help support you and your family. That could be another factor in your decision.

No matter your situation, **VA can help you explore housing options** and secure a place to live. You can take advantage of benefits like the VA Home Loan Guaranty Program and housing grants or get help from a VHA social worker to find housing. Whatever path you take, **VA is here to support you**.

VA HOME LOAN GUARANTY PROGRAM

VA helps you (or your eligible surviving spouse) become homeowners. Under the VA Home Loan Guaranty Program, you can get a home loan through a private lender—like a bank or a mortgage company—and VA guarantees a portion of the loan to protect the lender against loss if you don’t make payments. You can use the VA Home Loan Guaranty Program to:

- Buy, build, repair, alter, renovate, or improve a home
- Refinance an existing home loan to reduce the interest rate
- Buy or refinance an existing loan on a manufactured (mobile) home
- Improve a home by installing energy-efficient features like solar heating and cooling systems, water heater insulation, storm windows and doors, or other approved improvements

To be eligible, you must agree to personally occupy the home and have all of the following:

- Satisfactory credit
- Sufficient income
- A valid Certificate of Eligibility (COE)

Eligibility as it relates to members of the reserve components:

- You served for 90 days or more on active duty during a wartime period, OR
- You were discharged or released from active duty for a service-connected disability, OR
- You have six years of service in the Selected Reserve or National Guard, AND
  - Were discharged honorably, OR
  - Were placed on the retired list, OR
  - Were transferred to the Standby Reserve for an element of the Ready Reserve other than the Selected Reserve after honorable service, OR
  - Continue to serve in the Selected Reserve

How do I get a Certificate of Eligibility?

To get a COE, apply online at eBenefits.

You may need to provide documentation to prove your eligibility.

Documentation requirements vary for:

- Active duty
- Veterans
- Current or former members of the reserve components
- Members of the reserve components who were never activated
- Surviving spouses

KEEP IN MIND…

In some cases, you can get your COE through your lender. Most lenders have access to the WebLGY system. This internet-based application can establish eligibility and issue an online COE in a matter of seconds.

Ask your lender about this option.

Discovering Housing Options
GETTING A VA-BACKED HOME LOAN

The process to obtain a VA Home Loan Guaranty is not difficult, and follows a basic six-step process:

Step 1: **Apply** online for a COE at [www.ebenefits.va.gov/](http://www.ebenefits.va.gov/), or have your lender apply via WebLGY. Even if you have a COE from a previous loan, VA recommends that you obtain a new COE with each new loan transaction.

Step 2: **Select a lender.** Get pre-approved with a VA-approved lender who verifies your financial information and determines which products you may qualify for.

Step 3: **Select a real estate agent.** A trusted real estate agent can help you navigate the home-buying process. Experienced real estate professionals will help you purchase the home you like—even if a seller or a seller’s agent tries to talk you out of using your VA home loan benefit.

Step 4: **Decide on a home.** When you find the home you like, you can sign a home purchase agreement. Be sure your agent includes the “VA Option Clause” in the contract, which voids the contract if the property does not appraise for at or above the contract price.

Step 5: **Conduct an appraisal and inspection.** Wait for the property appraisal to be completed. Your lender will order the appraisal to determine the value of the home. This fully independent appraisal will tell you if the home is reasonably priced for the area and meets basic property requirements.

Step 6: **Attend the loan closing.** The lender or closing attorney will explain the loan terms and requirements, as well as where and how to make the monthly payments. Sign all relevant papers and move in.

**TIP**

Research and contact multiple lenders. Each lender sets its own interest rates, discount points, and fees; some are negotiable. Find a lender who offers the most favorable terms for you.

Ask your family, friends, or colleagues if they have recommendations.

**DID YOU KNOW?**

- At closing, you have to pay a funding fee unless you’re eligible for VA disability compensation.
- If you filed a disability claim prior to discharge, remind your lender that you need to fill out VA Form 26-8937, Verification of VA Benefits, and submit it to VA. This will help determine if you are exempt from the funding fee.
- You can pay the fee in cash or include it in your loan.
- If you file a disability claim before closing on your home, you may be able to get your funding fee refunded.

**TIP**

VA strongly recommends that you get a home inspection. Your realtor or lender may recommend someone, but you should find someone who is not connected to anyone in the sale. You want a fair evaluation of the home, so you can make the best decision for you and your family. Both the appraisal and inspection can be useful negotiating tools.

Stay on top of it! If there are issues—such as with the home value, the roof, or appliances—you can negotiate with the seller about lowering the price, replacing or fixing the issue, or splitting the costs of necessary repairs with you.

**Step 6:** **Attend the loan closing.** The lender or closing attorney will explain the loan terms and requirements, as well as where and how to make the monthly payments. Sign all relevant papers and move in.

PROTECTING YOUR INVESTMENT

VA also provides assistance designed to help you avoid foreclosure.

Veterans who have VA home loans have the lowest foreclosure rates in the country because VA has resources to help you avoid foreclosure in times of financial hardship. You can contact VA’s regional loan center technicians if you need assistance.

PROTECTING YOUR INVESTMENT, (continued)

Be aware of predatory lending practices. Some lenders take advantage of service members and Veterans with home loans.

- You might get mailers or calls with offers to refinance mortgages; they may make some misleading claims.
- Many of these solicitations promise extremely low interest rates, thousands of dollars in cash back, skipped mortgage payments, and no out-of-pocket costs or waiting period.
- Be sure to research any offer before you accept to make sure they are legitimate and in your best financial interest.

KEEP IN MIND…

- Predatory lending practices can trigger chain reactions that result in higher interest rates to all Veterans.
- The Protecting Veterans from Predatory Lending Act of 2018 mandates new requirements for VA-backed home loans.
- This law is designed to protect Veterans from predatory lending practices known as “loan churning” or “serial refinancing” when obtaining a VA-guaranteed refinance loan.

HOMELESS VETERANS SUPPORT

VA is committed to ending Veteran homelessness. The focus of the Homeless Veterans Program is to:

- Conduct coordinated outreach to proactively seek out Veterans in need of assistance
- Connect Veterans who experience or are at risk of homelessness with housing solutions, health care, community employment services, and other support
- Work to expand employment and affordable housing options for Veterans experiencing homelessness by collaborating with partners including:
  - Federal, state, and local agencies
  - Employers
  - Housing providers
  - Faith-based and community nonprofits

The National Call Center for Homeless Veterans hotline ensures that Veterans who are homeless or are at risk to become homeless have free, 24/7 access to trained counselors. The hotline also helps VA medical centers; federal, state, and local partners; community agencies; service providers; and others in the community find resources and support for Veterans.

The National Resource Directory (NRD) is another government-owned search tool that provides access to vetted resources.

NRD connects you to resources and services that support all service members, wounded and injured Veterans, family members, and caregivers. This includes topics like:

- Financial planning
- Education, training, and employment
- Health care
- Housing
- Day care
- And more

State and Local Benefits

INFORMATION FOR YOUR STATE

State Veterans Affairs Offices serve the Veterans of each state and their dependents and survivors in all matters pertaining to Veterans’ benefits.

They deliver a series of seamless services to eligible Veterans and their families and unify the Veteran community by building alliances to enhance available financial resources.

Did you know that your state may offer specific benefits in addition to what VA offers?

For example, Texas’ Hazelwood Act:

- Provides you and your eligible spouses and dependents with an education benefit of up to 150 hours of tuition exemption
- Covers most fees at public institutions of higher education in Texas

VA.gov provides state-specific information about state VA benefits. You can select a state or territory to visit the website for that location’s VA’s office.

At eBenefits, you can request a State Benefits Information Packet for any state you are interested in.

This packet provides specific information about benefits, programs, and services in that state.

VETERAN COMMUNITY CARE

What if I’m not near a VA facility?

We may refer you to a community provider. Your eligibility for community care will be based on your specific needs and circumstances. Your VA provider will work with you to determine if you’re eligible.

Am I eligible for community care?

Under the VA MISSION Act of 2018, you have more ways to access health care within VA’s network and through approved non-VA providers called “community care providers.” Situations where non-VA care may be covered include:

1. You need a service not available at a VA medical facility.
2. You live in a state without a full-service VA medical facility.
3. You qualify under the “Grandfather” provision related to the 40 miles distance criteria under the Veterans Choice Program.
4. VA cannot furnish care within specific wait time and drive time standards.
5. It is in your best medical interest.
6. A VA service line does not meet specific quality standards.

PRIMARY CARE

What is primary care?

At VA, we take a team approach to primary care—with you at the center. Research shows this kind of approach leads to better quality care, more satisfied patients, and fewer hospital visits.

When you sign up for VA health care, we’ll assign you to a health care team called a Patient Aligned Care Team (PACT). Your team will be made up of you, those who support you (like your family members and caregivers), and your health care providers.

Your team’s goal is to plan for all the care you need to help you stay healthy throughout your life. Your team will:

- **Build a partnership with you.** You’ll work with your team to plan and make decisions. Your team will offer wellness care, education, and lifestyle coaching to help you stay healthy.

- **Provide or arrange for preventive care,** such as immunizations to prevent illness and early screenings for diseases like cancer, when earlier treatment is most likely to be successful.

- **Help you get care in the ways that work best for you,** including visits with your primary care provider, group clinics, 24/7 telephone care, online educational information, and secure messaging with your health care team.

- **Coordinate your care.** Team members will meet often to talk with you—and each other—about your progress and goals. And they’ll coordinate any care you may need from specialists outside the team.

Your PACT team includes a:

- Primary care provider
- Clinical pharmacist
- Registered nurse care manager
- Licensed practical nurse or medical assistant and clerk
- Other providers, like specialists or social workers, when you need it

VA DENTAL CARE

Does VA provide dental care as part of my VA health coverage?

VA provides dental care to Veterans who meet certain eligibility requirements. Covered services range from simple to complex care, including cleaning and X-rays, fillings, crowns, bridges, and more.

Eligibility isn’t the same as other VA medical benefits. It’s categorized into different classes. It depends on a number of factors, like your:

- Military service history
- Current health
- Living situation

Based on these factors, VA places you into a benefits class—and you get the specific benefits assigned to that class. For example:

- If you have a service-connected dental disability, you may qualify for any needed dental care.
- If you have other service-connected disabilities, you may be eligible for a range of care, depending on your condition.
- Other situations, such as homelessness or inpatient status, may qualify you for certain one-time or specific treatments.

VA Mental Health Care Services

OVERVIEW

Your social, emotional, and mental wellness is a significant part of your whole health.

VA takes this issue to heart. We can connect you with multiple benefits, services, and tools to help support your social, emotional, and mental health and well-being.

Why is your mental well-being so important?

It impacts how you think, feel, and act. It helps determine how you handle stress, relate to others, and make choices. People struggling with mental health issues often have a more difficult time managing their overall health and common every day stressors.

Transitioning out of the military may lead to increases in relationship issues, lack of employment or underemployment, and a sense of being without purpose or being a burden. Those who served may be more likely to have experienced trauma or have chronic pain.

All of these concerns add to the complex nature of Veteran health care and increase the risk of suicide for Veterans.

You can be proud of taking steps to make yourself as healthy as you can be—for both yourself and those around you.

- Provide high-risk screening and help you make plans for your discharge from a VA hospital once you complete treatment
- Help you find housing and employment, provide resources to support you if you are coping with illness or injury, or give you resources to obtain food
- Provide long-term case management and will advocate for you in situations that might be too complex or uncomfortable for you to face by yourself
- Share information about health care conditions or details about services and programs that you might not know about
- Teach you strategies to deal with stress and loss in a healthy manner
- Provide several forms of therapy—individual, in a group setting, or even with your family

Mental health services are available to everyone. VA offers one year of post-transition mental health care, even if you are not eligible for VA health care.

As with your physical health, self-care plays a big role in maintaining your mental health. It is important to be able to recognize when you need help.

Recognizing the early signs of a social, emotional, or mental health condition allows you to take steps to prevent symptoms from developing into larger concerns. In addition to commonly recognized symptoms, like feeling very sad or nervous, other indicators and signs may include:

- Changes in sleep, appetite, weight, or sex life
- Headaches or other physical pain
- Muscle tension and weakness
- Decreased energy, motivation, or interest
- Problems with attention, concentration, or memory
- Irritability, anger, or having a short temper
- Feelings of guilt, worthlessness, helplessness, or hopelessness
- Unhealthy behaviors (misusing drugs, alcohol, food, or sex; gambling or spending too much money to cope with stress or emotions; etc.)
- Problems functioning at home, work, or school

What are some things I can do on my own?

- **Be aware of your emotions and reactions.** Notice what in your life makes you sad, frustrated, or angry. Try to address or change those things.
- **Express your feelings in appropriate ways.** Let people close to you know when something is bothering you. Keeping feelings of sadness or anger inside adds to stress. It can cause problems in your relationships and at work or school.
- **Think before you act.** Emotions can be powerful. Give yourself time to think and be calm before you say or do something you might regret.
- **Manage stress.** Try to change situations causing you stress. Learn relaxation methods to cope with stress. These could include deep breathing, meditation, and exercise.
- **Strive for balance.** Find a healthy balance between work and play, activity and rest. Make time for things you enjoy.
- **Take care of your physical health.** Your physical health can affect your mental health. Exercise regularly, eat healthy meals, and get enough sleep. Don’t abuse drugs or alcohol.
- **Connect with others.** We are social creatures. We need positive connections with other people. Make a lunch date, join a group, and say hi to strangers.
- **Find purpose and meaning.** Figure out what is important to you in life and focus on that. This could be your work, your family, volunteering, caregiving, or something else. Spend your time doing what feels meaningful to you.
- **Stay positive.** Focus on the good things in your life. Forgive yourself for making mistakes and forgive others. Spend time with healthy, positive people.

MAINTAINING YOUR MENTAL HEALTH (continued)

VA has resources to help you cope with health issues you may experience after a traumatic event, including posttraumatic stress disorder (PTSD).

PTSD is a mental health condition that some people develop after experiencing a life-threatening or traumatic event. A traumatic event is something that you see or hear about or that happens to you which is overwhelming and hard to cope with or move past. Some examples may include:

- Combat exposure
- Sexual or physical abuse/assault
- Terrorist attack
- Motor vehicle accident
- Natural disaster such as a fire, tornado, hurricane, flood, or earthquake

Whether you just returned from deployment or have been home for 40 years, it’s never too late to get help for PTSD. Getting counseling or treatment can help you manage your symptoms and keep them from getting worse.

Our National Center for PTSD is the world leader in PTSD research, education, and treatment.

DID YOU KNOW?

Most people…

- Have some stress-related reactions after a traumatic event, but not everyone gets PTSD
- Start to feel better after a few weeks or months, but sometimes PTSD symptoms don’t surface until many months or years later

Can I get disability compensation or other benefits for PTSD?

Find out if you can get PTSD disability benefits at www.va.gov/disability/eligibility/ptsd/#ptsd-disability-eligibility/.
Military Sexual Trauma

Military sexual trauma (MST) refers to sexual assault or repeated, threatening sexual harassment that happened while you were in the military. MST includes:

- Any sexual activity you were unwillingly involved in and where you may have been pressured into sexual activities. For example:
  - Threats of negative consequences for refusing to be sexually cooperative
  - Implied faster promotions or better treatment in exchange for sex
- Unwanted sexual touching or grabbing; threatening, offensive remarks about your body or sexual activities; and threatening or unwelcome sexual advances
- Occurrences when you may have been unable to consent to sexual activities (for example, when you were intoxicated)
- Any time when you may have been physically forced into sexual activities

Am I eligible for treatment related to MST?

Eligibility for MST-related health care is independent of other VA benefits.

- You do not need to have a VA disability rating to receive these services.
- You may be able to receive services even if you are not eligible for other forms of VA health care.
- There are no length-of-service or income requirements to receive MST-related care.
- Veterans do not need to have reported the incident(s) when they happened or have other documentation that they occurred.

How can I collect evidence related to MST?

VA can help you collect evidence to support your disability compensation claims. Many VA regional offices have MST specialists who can help with MST-related claims. All VA regional offices also have Women Veterans Coordinators who can assist male and female Veterans filing MST claims.

VBA knows that often it can be difficult for Veterans to locate evidence, particularly if they file a claim many years after their MST experience. Because of this, VA encourages service members to hold onto any materials that might later serve as evidence, such as copies of reports to authorities, copies of treatment records, or anything documenting your difficulties while you were on active duty. For example, if you told a friend or family member about your experiences of MST, consider asking him or her to write a brief note stating this, or at least keep a list of people you told. Even if you do not want to file a claim now, this evidence will be useful if you do later.

Making Informed Decisions

ELIGIBILITY FOR VA HEALTH CARE

VA health care eligibility is based on priority groups determined by several factors.

When you apply for VA health care, you’ll be assigned to one of eight priority groups, which determine:

- How soon VA can sign you up for health care benefits
- Whether you have to make copays to receive care

Your priority group is based on:

- Your military service history
- Your disability rating
- Your income level
- Whether or not you qualify for Medicaid
- Other benefits you may be receiving, like pension benefits

Table 20 describes the VA health care priority groups.

<table>
<thead>
<tr>
<th>Priority Group</th>
<th>Who is Included</th>
</tr>
</thead>
</table>
| Priority Group 1 | • Veterans with VA-rated service-connected disabilities that are 50% or more disabling  
• Veterans who VA determines to be unemployable due to service-connected conditions |
| Priority Group 2 | • Veterans with VA-rated service-connected disabilities that are 30% or 40% disabling |
| Priority Group 3 | • Veterans who are former prisoners of war  
• Veterans awarded a Purple Heart medal  
• Veterans whose discharge was for a disability that was incurred or aggravated in the line of duty  
• Veterans with VA-rated service-connected disabilities that are 10% or 20% disabling  
• Veterans awarded special eligibility classification under Title 38, U.S.C., § 1151, “benefits for individuals disabled by treatment or vocational rehabilitation”  
• Veterans awarded the Medal of Honor |
| Priority Group 4 | • Veterans who receive Aid and Attendance or Housebound allowance from VA  
• Veterans who VA determines to be catastrophically disabled |

Table 20: VA Health Care Eligibility Priority Groups

Regardless of your priority group or eligibility:

If VA grants you service connection for any injury or illness, even those rated at 0%, you are eligible for free VA medical treatment, including required medication and supplies for those granted conditions.

KEEP IN MIND...

Some Veterans are eligible for both TRICARE and VA benefits; this is called dual eligibility.

| Priority Group 8 | • Veterans with gross household income above VA and geographically-adjusted income limits for their resident location and who agree to pay copays |

Table 20 (continued): VA Health Care Eligibility Priority Groups

Eligibility as it relates to members of the reserve components:

- You must have been called to active duty (other than for training only) by a federal order and completed the full period for which you were called or ordered to active duty or served on active duty in a theater of combat operations after November 11, 1998, and discharged under other than dishonorable conditions.
- Minimum duty requirements: Veterans who enlisted after September 7, 1980, or who entered active duty after October 16, 1981, must have served 24 continuous months or the full period for which they were called to active duty in order to be eligible.
  o This minimum duty requirement may not apply to Veterans discharged for hardship, early out, or a disability incurred or aggravated in the line of duty.

Why should I apply for VA health care?

- You may have a job lined up that provides health insurance for you, but what if the job falls through?
- Unlike private coverage or other insurance options, there are no monthly premiums with VA health care. You may have to pay a copay, but that’s it.
- VA health care can help you meet all your medical needs—you don’t have to have a service-connected condition.

You need to know your other options to make an informed decision.

For example, you may be eligible for DoD’s TRICARE coverage. If enrolling in TRICARE, you may need to enroll by a certain deadline to maintain continuous coverage after separation or retirement.

REMEMBER…

For establishing eligibility based on Title 32 service, a disability must be shown to have been incurred or aggravated during that service.

OUTREACH PROGRAMS

If you aren’t ready to make a decision today, there are various resources available to support you.

You are not on your own. There are resources to help you learn about VA health care benefits and how to register.

Concierge for Care (C4C) can help you build a relationship with VA early on. This will make your transition from active duty health care to Veteran health care easier than ever before.

C4C or other similar VA outreach programs may contact you regarding registration for health care (Figure 30). They can:

- Answer any questions you have
- Help you apply for VA health care
- Make your first VA health care appointment

A registration representative will contact you to provide information about VA health care benefits and answer your questions.

A representative will contact you by phone to answer your questions and, if you’re interested, help you register for VA health care and make your first VA medical appointment.

Year one as a civilian presents a lot of change, but the stress of change is not a weight you have to carry alone.

Through a new program initiated by an Executive Order signed by the president, VA is also calling every newly separated service member three times during the first year of separation. Our goal is to provide consistent, caring contact between service members and VA to guide you through understanding and using the benefits and resources available to you—valuable building blocks for your civilian life. In some cases, such as mental health support, you are eligible regardless of your discharge status, service history, or eligibility for VA health care.

Whatever challenge you face, qualified VA representatives will be reaching out to help you make the most of your transition. Yes, VA is calling—take the call!

Preparing for Your First Appointment

Consider taking the MyStory: Personal Health Inventory. This self-assessment tool takes about 30 minutes to complete and helps you explore areas of your life as it relates to your health. It asks things like:

- Are you getting enough sleep at night to refresh your body and mind?
- Are you eating foods and beverages that nourish and fuel you?
- Are you surrounding yourself with people you love and care about?

Use the results to start a conversation with your provider at your first appointment.

You can access the Personal Health Inventory at www.va.gov/patientcenteredcare/resources/personal-health-inventory.asp.
Activity Worksheet: Update Your Personal Checklist

Go back to Appendix B and update your checklist based on what you just learned regarding accessing and applying for VA health care.

For this portion, look at Section 12 of the checklist.
Connecting with Your Community
Introduction

Upon completion of Module 6, you will be able to:

- Recall key community resources that support your access to VA benefits.
- Identify ways to connect and engage with your community.

In this course, you’ve learned about the many benefits, tools, and resources available as you transition to civilian life. But you may be wondering, what ongoing support is available after you transition?

At this final step in your journey (Figure 31), you might be asking:

**How will I connect with my community?**

**IN THIS MODULE…**

Community Support for Veterans:
- Veterans Service Organizations
- Veteran Peer Groups
- Community Veterans Engagement Boards

VA Resources:
- Personal Resources For Ongoing Support
- Online Resources

**REMEMBER…**

Complete the Transition Goals, Plans, Success (TGSPS) Assessment at www.dmdc.osd.mil/tgsp when instructed by your facilitator.

VA can help you identify and connect with resources that:

- Address your social, emotional, and mental health
- Establish social and community connections
- Help you and your family apply for benefits
Integrating into Your Community

ESTABLISHING YOUR PERSONAL NETWORK

It is important to build a network in your community—including a social network, a professional network, and a network of Veteran peers.

You can begin to establish your community connections by building your local and professional network.

- A network of social connections and friends will help support your mental health.
- A large professional network makes you more visible to employers and can help grow your career. In-person and online connections through tools like LinkedIn are important. If you are looking for work, you’ll want to expand your network to provide you with exposure to available jobs.
- A network of fellow Veterans can help you stay connected to the military community and provide opportunities to continue serving out of uniform.

Key areas of engagement in the community include:

- Housing
- Education and training
- Employment
- Health
- Recreation
- Social
- Financial
- Benefits
- Mentoring

DID YOU KNOW?

Volunteering offers a great way to stay engaged in your community and maintain positive mental health.

VETERANS SERVICE ORGANIZATIONS

Veterans Service Organizations (VSOs) are organizations that serve the needs of Veterans, their families, and survivors.

VSOs (Figure 32), together with state, county, and local Veterans Service Representatives, help Veterans, their families, and survivors understand and navigate benefits programs. VSOs can also help you file claims for health care eligibility, VA Home Loan Guaranty, and other Veterans benefits, including those offered by the state. Chartered VSOs offer these services for free.

Connecting with Your Community

MODULE 6
Community Support for Veterans

VETERAN PEER GROUPS

Veteran Peer Groups offer support from people who share your experiences and navigated the transition journey before you.

These grassroots support groups focus on more than just benefits—including community reintegration, service, and legislative advocacy.

No one knows what you have been through like someone who has been through it themselves.

There are peer support services at VHA facilities. Here are just a few examples of the hundreds, or even thousands, of support groups available (Figure 33):

- **Student Veterans of America** provides Veterans with the resources, support, and advocacy needed to succeed in higher education and following graduation. To learn more, visit [www.studentveterans.org](http://www.studentveterans.org/).
- **Team Red White and Blue** enriches the lives of America’s Veterans by connecting them to their community through physical and social activity. To learn more, visit [www.teamrwb.org](http://www.teamrwb.org/).
- **Team Rubicon** unites the skills and experiences of Veterans with first responders to rapidly deploy emergency response teams. To learn more, visit [www.teamrubiconusa.org](http://www.teamrubiconusa.org/).
- **The Mission Continues** empowers Veterans who are adjusting to life at home to find purpose through community impact. To learn more, visit [www.missioncontinues.org](http://www.missioncontinues.org/).

**DID YOU KNOW?**

The United Services Organization (USO) supports service members by keeping them connected to family, home, and country throughout their service.

The USO Pathfinder Program extends these services to you and your family as you transition from the military and settle in to your new community.

To learn more, visit: [www.uso.org/programs/uso-pathfinder/](http://www.uso.org/programs/uso-pathfinder/).

COMMUNITY VETERANS ENGAGEMENT BOARDS

VA is committed to creating Veteran-friendly communities across the country.

Community Veterans Engagement Boards (CVEB) (Figure 34) give Veterans, service members, military families, Veteran advocates, community service providers, and stakeholders a collective voice to identify their goals. They enable communities to work to resolve gaps in service at the local level and improve service delivery for Veterans, military families, caregivers, and survivors.

VA leaders actively engage in community-based efforts that maximize the collective impact of local services; stakeholders; and federal, state, and municipal agencies working together to improve Veteran outcomes where they live, work, and raise their families.

Where can I find a Community Veterans Engagement Board?

To find out where a community collaborative group or CVEB exists in your area, visit: www.va.gov/ve/engagement/communityBoards.asp.
