Schedule for Rating Disabilities

Veterans Benefits Administration

Supplement No. 59

5 August 2018

Covering the period of Federal Register issues
through August 1, 2018

When **Book C** was originally prepared, it was current through final regulations published in the *Federal Register* of 24 March 1992. These supplemental materials are designed to keep your regulations up to date. You should file the attached pages immediately, and record the fact that you did so on the *Supplement Filing Record* which is at page C-8 of Book C, *Schedule for Rating Disabilities*.

**To ensure accuracy and timeliness of your materials,
it is important that you follow these simple procedures:**

1. Always file your supplemental materials immediately upon receipt.
2. Before filing, always check the Supplement Filing Record (page C-8) to be sure that all prior supplements have been filed. If you are missing any supplements, contact the Veterans Benefits Administration at the address listed on page C-2.
3. After filing, enter the relevant information on the Supplement Filing Record sheet (page C-8)—the date filed, name/initials of filer, and date through which the *Federal Register* is covered.
4. If as a result of a failure to file, or an undelivered supplement, you have more than one supplement to file at a time, be certain to file them in chronological order, lower number first.
5. Always retain the filing instructions (simply insert them at the back of the book) as a backup record of filing and for reference in case of a filing error.
6. Be certain that you *permanently discard* any pages indicated for removal in the filing instructions in order to avoid confusion later.

To execute the filing instructions, simply remove *and throw away* the pages listed under *Remove These Old Pages*, and replace them in each case with the corresponding pages from this supplement listed under *Add These New Pages*. Occasionally new pages will be added without removal of any old material (reflecting new regulations), and occasionally old pages will be removed without addition of any new material (reflecting rescinded regulations)—in these cases the word *None* will appear in the appropriate column.

HIGHLIGHTS

Book C, Supplement No. 59 August 5, 2018

Supplement Highlights references: Where substantive changes are made in the text of regulations, the paragraphs of *Highlights* sections are cited at the end of the relevant section of text. Thus, if you are reading §3.263, you will see a note at the end of that section which reads: “Supplement *Highlights* references—6(2).” This means that paragraph 2 of the *Highlights* section in Supplement No. 6 contains information about the changes made in §3.263. By keeping and filing the *Highlights* sections, you will have a reference source explaining all substantive changes in the text of the regulations.

Supplement frequency: This Book C (*Schedule for Rating Disabilities*) was originally supplemented four times a year, in February, May, August, and November. Beginning 1 August 1995, supplements will be issued *every month* during which a final rule addition or modification is made to the parts of Title 38 covered by this book. Supplements will be numbered consecutively as issued.

Modifications in this supplement include the following:

1. On 13 July 2018, the VA published a final rule effective 13 August 2018, to amend the portion of the VA Schedule for Rating Disabilities (VASRD or Rating Schedule) that addresses skin conditions. The purpose of these changes is to incorporate medical advances that have occurred since the last review, update current medical terminology, and provide clear evaluation criteria. The proposed rule reflects advances in medical knowledge, recommendations from the Skin Disorders Work Group, which is comprised of subject matter experts from both the Veterans Benefits Administration and the Veterans Health Administration, and comments from experts and the public gathered as part of a public forum. The public forum, focusing on revisions to the skin conditions section of the VASRD, was held in January 2012. Changes:

- In §4.118, Remove the introductory text, and added paragraphs (a) and (b).
- In §4.118, Added an entry for “GENERAL RATING FORMULA FOR THE SKIN FOR DCs 7806, 7809, 7813-7816, 7820-7822, AND 7824.
- In §4.118, Revise the entries for diagnostic codes 7806, 7809, 7813, 7815-7817, 7820-7822, and 7824-7829.
- Amended Appendices A, B and C to reflect these changes.

The Skin

4.118 Schedule of ratings—skin 4.118-1

§4.118 Schedule of ratings—skin.

(a) For the purposes of this section, systemic therapy is treatment that is administered through any route (orally, injection, suppository, intranasally) other than the skin, and topical therapy is treatment that is administered through the skin.

(b) Two or more skin conditions may be combined in accordance with §4.25 only if separate areas of skin are involved. If two or more skin conditions involve the same area of skin, then only the highest evaluation shall be used.

	Rating
7800 Burn scar(s) of the head, face, or neck; scar(s) of the head, face, or neck due to other causes; or other disfigurement of the head, face, or neck:	
With visible or palpable tissue loss and either gross distortion or asymmetry of three or more features or paired sets of features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, lips), or; with six or more characteristics of disfigurement	80
With visible or palpable tissue loss and either gross distortion or asymmetry of two features or paired sets of features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, lips), or; with four or five characteristics of disfigurement.....	50
With visible or palpable tissue loss and either gross distortion or asymmetry of one feature or paired set of features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, lips), or; with two or three characteristics of disfigurement.....	30
With one characteristic of disfigurement	10

Note (1): The 8 characteristics of disfigurement, for purposes of evaluation under §4.118, are:

- Scar 5 or more inches (13 or more cm.) in length.
- Scar at least one-quarter inch (0.6 cm.) wide at widest part.
- Surface contour of scar elevated or depressed on palpation.
- Scar adherent to underlying tissue.
- Skin hypo- or hyper-pigmented in an area exceeding six square inches (39 sq. cm.).
- Skin texture abnormal (irregular, atrophic, shiny, scaly, etc.) in an area exceeding six square inches (39 sq. cm.).

Underlying soft tissue missing in an area exceeding six square inches (39 sq. cm.).

Skin indurated and inflexible in an area exceeding six square inches (39 sq. cm.).

Note (2): Rate tissue loss of the auricle under DC 6207 (loss of auricle) and anatomical loss of the eye under DC 6061 (anatomical loss of both eyes) or DC 6063 (anatomical loss of one eye), as appropriate.

Note (3): Take into consideration unretouched color photographs when evaluating under these criteria.

Note (4): Separately evaluate disabling effects other than disfigurement that are associated with individual scar(s) of the head, face, or neck, such as pain, instability, and residuals of associated muscle or nerve injury, under the appropriate diagnostic code(s) and apply § 4.25 to combine the evaluation(s) with the evaluation assigned under this diagnostic code.

Note (5): The characteristic(s) of disfigurement may be caused by one scar or by multiple scars; the characteristic(s) required to assign a particular evaluation need not be caused by a single scar in order to assign that evaluation.

With visible or palpable tissue loss and either gross distortion or asymmetry of three or more features or paired sets of features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, lips), or; with six or more characteristics of disfigurement80

Area or areas of 144 square inches (929 sq. cm.) or greater40

Area or areas of at least 72 square inches (465 sq. cm.) but less than 144 square inches (929 sq. cm.)30

Area or areas of at least 12 square inches (77 sq. cm.) but less than 72 square inches (465 sq. cm.)20

Area or areas of at least 6 square inches (39 sq. cm.) but less than 12 square inches (77 sq. cm.)10

Note (1): For the purposes of DCs 7801 and 7802, the six (6) zones of the body are defined as each extremity, anterior trunk, and posterior trunk. The midaxillary line divides the anterior trunk from the posterior trunk

Note (2): A separate evaluation may be assigned for each affected zone of the body under this diagnostic code if there are multiple scars, or a single scar, affecting multiple zones of the body. Combine the separate evaluations under § 4.25. Alternatively, if a higher evaluation would result from adding the areas affected from multiple zones of the body, a single evaluation may also be assigned under this diagnostic code

7802 Burn scar(s) or scar(s) due to other causes, not of the head, face, or neck, that are not associated with underlying soft tissue damage:

Area or areas of 144 square inches (929 sq. cm.) or greater10

Note (1): For the purposes of DCs 7801 and 7802, the six (6) zones of the body are defined as each extremity, anterior trunk, and posterior trunk. The midaxillary line divides the anterior trunk from the posterior trunk

Note (2): A separate evaluation may be assigned for each affected zone of the body under this diagnostic code if there are multiple scars, or a single scar, affecting multiple zones of the body. Combine the separate evaluations under § 4.25. Alternatively, if a higher evaluation would result from adding the areas affected from multiple zones of the body, a single evaluation may also be assigned under this diagnostic code

7804 Scar(s), unstable or painful:

Five or more scars that are unstable or painful30

Three or four scars that are unstable or painful.....20

Note (1): An unstable scar is one where, for any reason, there is frequent loss of covering of skin over the scar.

Note (2): If one or more scars are both unstable and painful, add 10 percent to the evaluation that is based on the total number of unstable or painful scars.

Note (3): Scars evaluated under diagnostic codes 7800, 7801, 7802, or 7805 may also receive an evaluation under this diagnostic code, when applicable.

7805 Scars, other; and other effects of scars evaluated under diagnostic codes 7800, 7801, 7802, or 7804:

Evaluate any disabling effect(s) not considered in a rating provided under diagnostic codes 7800-04 under an appropriate diagnostic code
