Veteran Employment Through Technology Education Courses (VET TEC)

Do you want to take your technology skills to the next level? As a Veteran or transitioning Service member, you can use your GI Bill benefits to advance your career.

VET TEC is an innovative pilot program that helps its students improve their IT skills through courses offered by industry-leading training providers. Whether you're looking to enter the workforce or enhance your skills, this program is designed to prepare you with the technical background and career preparation necessary for success in the high-tech industry.

U.S. Department of Veterans Affairs

VET TEC

VA PAYS FOR:

Tuition for a full-time or part-time high-tech training program and a housing stipend during your training. **VET TEC does not charge against entitlement so there is no GI Bill benefit usage by the Veteran.**

Computing jobs are the **#1 source of new wages** in the United States. VET TEC helps Veterans pursue careers such as:

- Software Engineer
- IT Management Analyst
- Java Developer
- IT Security Specialist

YOU MAY BE ELIGIBLE IF:

You are a Veteran or transitioning Service member (within 180 days of separation) with at least one day of unexpired GI Bill entitlement. Recipients of Transfer of Entitlement (TOE) benefits and Fry Scholars are not eligible.

PROGRAM OUTCOMES:

90% of VET TEC beneficiaries that started a VET TEC training program successfully completed it.

" *It's like a dream. I've always wanted to be a programmer. The GI Bill and VET TEC made it a reality.* "
— Pierre Gober, VET TEC Graduate

REVIEW the full network of **approved training providers** and **APPLY** for VET TEC on **VA.gov**.

NOTE: VET TEC is subject by law to a $45 million annual budget. In the event that the annual budget cap is hit, VA will no longer accept new VET TEC student enrollments until additional funding is secured or the new fiscal year starts on October 1.

If you have questions about the program or how to apply, call **888-442-4551** or email **VETTEC.VBABUF@va.gov**.
