MEMORIAL DAY, which is observed on the last Monday of May, commemorates the men and women who died while in the military service. In observance of the holiday, many people visit cemeteries and memorials, and volunteers often place American flags on each grave site at national cemeteries. A national moment of remembrance takes place at 3:00 p.m. local time.

The event begins with opening remarks, welcome and introduction of guests followed by massing of the colors. The massing of the colors is unique in that the color guards participating are not only from military and veterans organizations but civic organizations as well. Music is presented by a bagpipe and drum unit. Following the keynote address a roll call of veterans lost since Veterans Day will be announced. The roll call is in order of branch of service. The event is closed by the firing of three volleys and taps presented by soldiers of the Florida National Guard. For more information call MOAA Ancient City Chapter President COL (Ret) Howard McGillen at 904-687-1140.
VA TO TAKE APPLICATIONS FOR NEW FAMILY CAREGIVER PROGRAM (VA News Release)  
WASHINGTON –The Department of Veterans Affairs (VA) published the interim final rule for implementing the Family Caregiver Program of the Caregivers and Veterans Omnibus Health Services Act 2010. This new rule will provide additional support to eligible post-9/11 veterans who elect to receive their care in a home setting from a primary Family Caregiver. On May 9, staff in VA’s Office of Care Management and Social Work will open the application process for eligible post-9/11 veterans and service members to designate their family caregivers.

Additional services for primary family caregivers of eligible post-9/11 veterans and service members include a stipend, mental health services, and access to health care insurance, if they are not already entitled to care or services under a health care plan. Comprehensive caregiver training and medical support are other key components of this program. The program builds on the foundation of caregiver support now provided at VA and reflects what families and clinicians have long known; that family caregivers in a home environment can enhance the health and well-being of veterans under VA care.

Starting May 9, veterans may download a copy of the family caregiver program application (VA CG 10-10) at www.caregiver.va.gov. The application enables the veteran to designate a primary family caregiver and secondary family caregivers if needed. Caregiver Support Coordinators are stationed at every VA medical center and via phone at 1-877-222 VETS (8387) to assist veterans and their family caregivers with the application process.

Caregivers for veterans of all eras are eligible for respite care, education and training on what it means to be a caregiver, how to best meet the veteran’s care needs, and the importance of self-care when in a care giving role. The full range of VA services already provided to caregivers will continue, and local Caregiver Support Coordinators at each VA medical center are available to assist family caregivers in identifying benefits and services they may be eligible for. The Caregiver Support Coordinators are well versed in VA programs and also have information about other local public, private and non-profit agency support services that are available to support veterans and their family caregivers at home.

VA SEeks PUBLIC’s VIEWS ON HOW TO IMPROVE REGULATIONS (from www.va.gov) VA is taking steps to implement Executive Order 13563, which directs federal agencies to review existing regulations and determine whether they “should be modified, expanded, streamlined, or repealed so as to make the agency’s regulatory program more effective or less burdensome in achieving the regulatory objectives.” VA has created an online means at http://www.va.gov/ORPM/Regulations_To_Modify_Streamline_Expand_Repeal.asp for anyone wishing to submit their suggestions concerning VA regulations that need to be amended, updated, or repealed.
